Discover a new side of Paris, hidden in plain sight, with this beautifully illustrated guide to the city's smaller collections and best-kept secrets, from artists' studios to scientific museums. A visit to Paris can often seem like a highlight reel -- the Louvre, the Musee d'Orsay, the Eiffel Tower. But Paris isn't only about the big attractions; in fact, some might say it's the offbeat destinations that hold the greatest treasures. The Little(r) Museums of Paris takes a whimsical journey through these smaller destinations, from the fantastical to the bizarre, offering both a guide to the city and inspiration for armchair travelers. Rather than traveling by neighborhood, this charming guide explores the different types of institutions nestled within Paris, from time capsules like the Musee Nissim de Camondo to explorations of the world beyond the city limits, including the Institute of the Arab World. Readers will peek behind the curtains of artists' apartments and into the microscopes of collections of scientific oddities. Each entry opens up a new world of adventure, with a description of the museum's collection, as well as a short history, watercolor illustrations, and a miniature map. For residents and visitors alike, the captivating illustrations and deeply-researched yet approachable writing will encourage greater appreciation of the cultural diversity, history, and colorful characters that give Paris that je ne sais quoi.

Along with listings of the unmissable museums and galleries (where you□ll appreciate the ancients through to the contemporaries), the guide includes more off beat places to find public and private art all over town (from design hotels to auction houses, beautiful brasseries to artist studios). You□ll pick up insider tips from local and international professionals and find out where to take a sketch class, see live street art, buy an artwork, attend intriguing art events and meet the artists.

In 1990 Jacques Chirac, the future president of France and a passionate fan of non-European art, met Jacques Kerchache, a maverick art collector with the lifelong ambition of displaying African sculpture in the holy temple of French culture, the Louvre. Together they began laying plans, and ten years later African fetishes were on view under the same roof as the Mona Lisa. Then, in 2006, amidst a maelstrom of controversy and hype, Chirac presided over the opening of a new museum dedicated to primitive art in the shadow of the Eiffel Tower: the Musée du Quai Branly. Paris Primitive recounts the massive reconfiguration of Paris□s museum world that resulted from Chirac□s dream, set against a backdrop of personal and national politics, intellectual life, and the role of culture in French society. Along with exposing the machinations that led to the MQB□s creation, Sally Price addresses the thorny questions it raises about the legacy of colonialism, the balance between aesthetic judgments and ethnographic context, and the role of institutions of art and culture in an increasingly diverse France. Anyone with a stake in the myriad political, cultural, and anthropological issues raised by the MQB will find Price□s account fascinating.

Paris was the epicenter of art during the latter half of the nineteenth century, luring artists from around the world with its academies, museums, salons, and galleries. Despite the city's cosmopolitanism and its cultural stature, Parisian society remained strikingly conservative, particularly with respect to gender. Nonetheless, many women painters chose to work and study in Paris at this time, overcoming immense obstacles to access the city's resources. 'Women Artists in Paris, 1850-1900' showcases the remarkable artistic production of women during this period of great cultural change, revealing the breadth and strength of their creative achievements. Guest Curator Laurence Madeline (Chief Curator at Musées d'art et d'histoire, Geneva) has selected close to seventy compelling paintings by women of varied nationalities, ranging from well-known artists such as Berthe Morisot, Mary Cassatt, and Rosa Bonheur, to lesser-known figures such as Kitty Kielland, Louise Breslau, and Anna Ancher.
