Machine Learning and Data Science in the Oil and Gas Industry explains how machine learning can be specifically tailored to oil and gas use cases. Petroleum engineers will learn when to use machine learning, how it is already used in oil and gas operations, and how to manage the data stream moving forward. Practical in its approach, the book explains all aspects of a data science or machine learning project, including the managerial parts of it that are so often the cause for failure. Several real-life case studies round out the book with topics such as predictive maintenance, soft sensing, and forecasting. Viewed as a guide book, this manual will lead a practitioner through the journey of a data science project in the oil and gas industry circumventing the pitfalls and articulating the business value. Chart an overview of the techniques and tools of machine learning including all the non-technological aspects necessary to be successful Gain practical understanding of machine learning used in oil and gas operations through contributed case studies Learn change management skills that will help gain confidence in pursuing the technology Understand the workflow of a full-scale project and where machine learning benefits (and where it does not)

Described by the late James Dickey as "one of the finest new poets to come along in years," Robert Wrigley fulfills that early promise with this, his newest collection. Reign of Snakes is a book about desire, the soul's desire as much as the body's. As Jane Hirshfield said of Wrigley's previous book, In the Bank of Beautiful Sins (Penguin, 1995), "To read it is to unpeel a little further into the human, and into the wideness that holds the human--a splendid gift." Reign of Snakes takes us to yet another level, deep into the daily devotions, "where the dark blows a kiss to night." . . . a frigid day in February and a full-grown rattlesnake curled to a comma in the middle of the middle of the just-plowed road. Ice ghost, I think, curve of rock or stubbed-off branch. But the diamonds are there, under a dust of crystals looming, impossible, summer's tattoo, the mythical argyle of evil. --from "Reign of Snakes"

From the USA Today Bestselling author of The Sword of the Templars and The Aztec Heresy Some secrets are too great to bear... Retired Army Ranger Lt. Col. John Holliday has reluctantly settled into his teaching position at West Point when young Israeli archaeologist Rafi Wanounou comes to him with desperate news. Holliday's niece--and Rafi's fianc e--Peggy has been kidnapped. Holliday sets out with Rafi to find the only family he has left. But their search for Peggy will lead them to a trail of clues that spans across the globe, and into the heart of a conspiracy involving an ancient Egyptian legend and the darkest secrets of the Order of Templar Knights. Secrets that, once known, cannot be survived...

Despite decades of extensive research and application, commercial aluminum alloys are still poorly understood in terms of the phase composition and phase transformations occurring during solidification, cooling, and heating. Multicomponent Phase Diagrams: Applications for Commercial Aluminum Alloys aims to apply multi-component phase diagrams to commercial aluminum alloys, and give a comprehensive coverage of available and assessed phase diagrams for aluminum-based alloy systems of different dimensionality. Features data on non-equilibrium phase diagrams, which can rarely be obtained from other publications Extensive coverage of all groups of commercially important alloys and materials

02

More than eighty recipes for grilling, smoking, roasting, and baking on the world's top-selling kamado-style cooker by the bestselling author of Flavorize. Both Ray and Big Green Egg have come a long way in their 15-year relationship, and it's been a wild ride! Next up is the chapter all EGGheads have been waiting for. How does Dr. BBQ set his EGG up to cook all the things he's cooked in his 30-year BBQ and grilling career? All the tips and tricks are here in the chapter called The EGG Carton. Then the book gets serious about recipes with chapters covering all the diverse things that the EGG can do. Dr. BBQ puts his spin on Grilling with great recipes like Crispy Lobster Quesadilla and the Bacon and Egg Cheeseburgers. Smoking is next with Dr. BBQ firing up classics like Dry Rubbed St. Louis Style Ribs and new ideas like Dr. BBQ's Smoked Meatball Gumbo. Baking is where you'll learn how to make Dr. BBQ's favorite Thin Crust Pizza With Italian Sausage, Summertime Zucchini Pie, and Blueberry French Toast Casserole. Last but not least is Roasting where Dr. BBQ knocks it out of the park with a Porchetta Style Pork Roast and Happy Thanksgiving Turkey.

Stand by as Riley prepares to kick some serious demon butt for the last time in this thrilling, dramatic and sexy conclusion to the Demon Trappers series. Riley's always known that Beck had a chequered history, but she's not prepared for what it actually means to be in love with a guy with this many dark secrets. Now that he's finally admitted to himself that he's in love with her too, there's no more hiding the truth about his past. And as it turns out, fending off a demon apocalypse is nothing compared to what's to come...

Overview Laminated and spiral bound Motor Carriers' Road Atlas for heavy-duty users The #1 selling trucker's road atlas in North America is as tough as the rig you're driving.
