American Literature and American Identity addresses the crucial issue of identity formation, especially national identity, in influential works of American literature. Patrick Colm Hogan uses techniques of cognitive and affective science to examine the complex and often highly ambivalent

treatment of American identity in works by Melville, Cooper, Sedgwick, Apess, Stowe, Jacobs, Douglass, Hawthorne, Poe, and Judith Sargeant Murray. Hogan focuses on the issue of how authors imagined American identity—specifically, as universal, democratic egalitarianism—in the face of the nation's clear and often brutal
