Excerpt: What it really meant was she was rotting away in a cage of her own flesh. The weight of her own body had crushed the flesh on her backside so that it had stopped circulating blood, had started to die. It meant that, after only twenty-six days of freedom, I had to go home and take care of her again. I came back to a familiar smell of piss and sweat and mold; but that was all mixed with a new taint, the sour and yet sickeningly-sweet smell of rotting flesh. She wasn't in her usual chair. Instead, I found her collapsed on a mattress in a bedroom she hadn't used for as long as I could remember, the springs creaking under her weight. She was dressed in a simple blue shirt, almost like a hospital gown, and lifting up the bottom edge, my eyes came level to where she was rotting. - N is for Necrosis About Haunted House Publishing: We're passionate about publishing horror stories for adults, scary books for teens, and all sorts of dark fiction.
