Twenty classic short stories from master writers across the country This superb collection contains some of the best Indian short stories written in the last fifty years, both in English and in the regional languages. Some of these stories – 'We Have Arrived in Amritsar' by Bhasham Sahni, 'Companions' by Raja Rao, 'The Sky and the Cat' by U.R. Anantha Murthy, 'A Devoted Son' by Anita Desai – have been widely anthologized and are well known. Others, like Premendra Mitra's 'The Discovery of Telenapota', Gangadhar Gadgil's 'The Dog

that Ran in Circles', Mowni's 'A Loss of Identity', O.V. Vijayan's 'The Wart' and Devanuru Mahadeva's 'Amasa', are less familiar to readers but are nevertheless classics of the art of the short story. This new and revised edition includes three additional classics: R.K. Narayan's 'Another Community', Avinash Dolas's 'The Victim' and Ismat Chughtai's 'The Wedding Shroud'. The Penguin Book of Modern Indian Short Stories is a marvellous and entertaining introduction to the rich diversity of pleasures that the Indian short story—a form that has produced masters in over a dozen languages—can offer.

An engrossing and definitive narrative account of history and myth that offers a new way of understanding one of the world's oldest major religions, *The Hindus* elucidates the relationship between recorded history and imaginary worlds. Hinduism does not lend itself easily to a strictly chronological account: many of its central texts cannot be reliably dated even within a century; its central tenets karma, dharma, to name just two arise at particular moments in Indian history and differ in each era, between genders, and caste to caste; and what is shared among Hindus is overwhelmingly outnumbered by the things that are unique to one group or another. Yet the greatness of Hinduism - its vitality, its earthiness, its vividness - lies precisely in many of those idiosyncratic qualities that continue to

inspire debate today. Wendy Doniger is one of the foremost scholars of Hinduism in the world. With her inimitable insight and expertise Doniger illuminates those moments within the tradition that resist forces that would standardize or establish a canon. Without reversing or misrepresenting the historical hierarchies, she reveals how Sanskrit and vernacular sources are rich in knowledge of and compassion toward women and lower castes; how they debate tensions surrounding religion, violence, and tolerance; and how animals are the key to important shifts in attitudes toward different social classes. The Hindus brings a fascinating multiplicity of actors and stories to the stage to show how brilliant and creative thinkers - many of them far removed from Brahmin authors of Sanskrit texts - have kept Hinduism alive in ways that other scholars have not fully explored. In this unique and authoritative account, debates about Hindu traditions become platforms from which to consider the ironies, and overlooked epiphanies, of history.

Siddhartha is an allegorical novel by Hermann Hesse which deals with the spiritual journey of an Indian boy called Siddhartha during the

time of the Buddha. The book was written in German, in a simple, yet powerful and lyrical style. It was first published in 1922, after Hesse had spent some time in India in the 1910s. The story revolves around a young man who leaves his home and family on a quest for the Truth. Embarking on a journey that takes him from the austerities of renunciation to the profligacy of wealth. That leads him through the range of human experiences from hunger and want, to passion, pleasure, pain, greed, yearning, boredom, love, despair and hope. A journey that leads finally to the river, where he gains peace and eventually wisdom. This is the story of Siddhartha as told by Nobel Laureate Hermann Hesse in his most influential work.

The stories in this collection capture the essence of the Indian Railways - from the small-town station, at the time of the Raj, to the present day big-city station bursting at the seams. The teeming and varied life of the Indian Railway station and its environs have fascinated writers from Jules Verne in the 1870s to more recently Satyajit Ray, R.K. Laxman and more modern writers. In this anthology, one of India's best-known writers makes a selection of greatest railway stories the subcontinent has produced. Julese Verne Rudyard Kipling Flora Annie Steel Hon. J.W. As Marco Polo (1254-1324) returned home across the Indian Ocean, after years in the service of Genghis Khan, he picked up a fabulous array of stories from sailors and merchants, about the peoples of the region, some reliable, some wholly implausible, but all fascinating. Great Journeys allows readers to travel both around the planet and back through the centuries – but also back into ideas and worlds frightening, ruthless and cruel in different ways from our own. Few reading experiences can begin to match that of engaging with writers who saw astounding things: Great civilisations, walls of ice, violent and implacable jungles, deserts and mountains, multitudes of birds and flowers new to science. Reading these books is to see the world afresh, to rediscover a time when many cultures were quite strange to each other, where legends and stories were treated as facts and in which so much was still to be discovered.

How should incumbents transform themselves? Making the Elephant Dance provides a roadmap using the levers of business excellence, innovation and globalization by documenting the Tata group's transformational journey from a \$5.8-billion Indian firm in 1992 to a \$103-billion global powerhouse in 2014, with over 65 per cent of

revenues coming from outside India. Tata is one of the most admired companies in the world. This book explains the sequence of leadership and management interventions that Tata used following the liberalization of the Indian economy in the 1990s to become the largest private-sector employer in both India and the United Kingdom, and acquire iconic brands such as Jaguar Land Rover and Tetley. Sunil Mithas profiles the transformational journey of incumbents such as Tata Steel, Jaguar Land Rover, Tata Consultancy Services, Titan, Indian Hotels, Tata Power and Tata Chemicals to provide a framework for almost any organization to rediscover its potential and charge ahead.

“A beautifully rendered epic journey The novel works on many levels and excels at them all.” –New York Journal of Books In this captivating and surprising novel of spiritual discovery—a No. 1 bestseller in India—a young American travels to India and finds himself tested physically, emotionally, and spiritually. Max Pzoras is the poster child for the American Dream. The child of Greek immigrants who grew up in a dangerous New York housing project, he triumphed over his upbringing and became a successful Wall Street analyst. Yet on the frigid December night he’s involved in a violent street scuffle, Max begins to confront questions about suffering and

mortality that have dogged him since his mother's death. His search takes him to the farthest reaches of India, where he encounters a mysterious night market, almost freezes to death on a hike up the Himalayas, and finds himself in an ashram in a drought-stricken village in South India. As Max seeks answers to questions that have bedeviled him—can yogis walk on water and live for 200 years without aging? Can a flesh-and-blood man ever achieve nirvana?—he struggles to overcome his skepticism and the pull of family tugging him home. In an ultimate bid for answers, he embarks on a dangerous solitary meditation in a freezing Himalayan cave, where his physical and spiritual endurance is put to its most extreme test. By turns a gripping adventure story and a journey of tremendous inner transformation, *The Yoga of Max's Discontent* is a contemporary take on man's classic quest for transcendence.
