Treatise on Law is Thomas Aquinas' major work of legal philosophy. It forms questions 90–108 of the Prima Secundæ ("First [Part] of the Second [Part]") of the Summa Theologiæ, Aquinas' masterwork of Scholastic philosophical theology. Along with Aristotelianism, it forms the basis for the legal theory of Catholic canon law.

Treatise on Law - Wikipedia

A Treatise upon the Law, Privileges, Proceedings and Usage of Parliament. 'Erskine May', like 'Hansard', is a book recognised by its author's name much more readily than by its title; and, also like Hansard, it is closely connected to the work of the British Houses of Parliament. Thomas Erskine May (1815–86), clerk to the House of Commons, began his working life as assistant to the House of Commons librarian, and familiarised himself with constitutional history and parliamentary procedure ...

a treatise on private international law or the conflict of laws with principal reference to its practice in the english and other cognate systems of jurisprudence by westlake john 1828 1913 hodges smith and co publisher c roworth and sons printer.

a treatise on the conflict of laws

The precepts of the judicial law are all reducible to commandments of the moral law, and especially to those of the second table. All threatenings, whether in the Old or New Testament, are threatenings either of the law or the gospel; and every promise is a promise either of the one or the other.

"The subject of this treatise," writes Colquhoun, "is in the highest degree, important and interesting, both to saints and to sinners. To know it experimentally, is to "be wise unto salvation;" and to live habitually under the influence of it, is to be at once holy and happy. To have spiritual and distinct views of it, is the way to be kept from verging towards self-righteousness, on the one hand, and licentiousness, on the other; and to be enabled to assert, the absolute freeness of sovereign grace, and at the same time, the sacred interests of true holiness. Without an experimental knowledge, and an unfeigned faith, of the law and the gospel, a man can neither venerate the authority of the one, nor esteem the grace of the other." This classic is organized as follows: Introduction Chapter I. Of the Law of God in General Chapter II. Of the Law of God as Promulgated to the Israelites From Mount Sinai Chapter III. Of the Properties of the Moral Law Chapter IV. The Rules for Understanding Aright the Ten Commandments Chapter V. Of the Gospel of Christ Chapter VI. Of the Uses of the Gospel, and of the Law in Subsistence to the Gospel Chapter VII. Of the Difference Between the Law and the Gospel Chapter VIII. Of the Agreement Between the Law and the Gospel Chapter IX. Of the Establishment of the Law by the Gospel Chapter X. Of the Believer's Privilege of Being Dead to the Law as a Covenant of Works, With a Highly Important Consequence of It Chapter XI. Of the High Obligations Under Which Believers Lie, to Yield Even Perfect Obedience to the Law as a Rule of Life Chapter XII. Of the Nature, Necessity, and Desert of Good Works To the Reader

"A brief alphabetical notice of several writers and works on the civil law and the law of nations: not generally known, and which are quoted or referred to in this book": p. [xxiii]-xxx.

In this translation of Saint Thomas Aquinas's *The Treatise on Law*, R. J. Henle, S.J., a well-known authority on philosophy and jurisprudence, fluently and accurately presents the Latin and English translation of this important work. Henle provides the necessary background for an informed reading of the *Treatise*, as well as the only in-depth commentary available in English on this text. The first section of the book contains an introduction to St. Thomas's life, work, writings, and jurisprudence. Henle discusses the structure of St. Thomas's magnum opus, *Summa Theologiae*, from which *The Treatise on Law* is excerpted. A brief section is included on Scholastic philosophy and also on St. Thomas's approach to the study of law. Henle then examines Thomas's definition of a law and the general doctrinal background for the *Treatise*. Finally Henle explores St. Thomas's sources, including his use of auctoritates, or authoritative quotations drawn primarily from the Bible, Aristotle, St. Augustine, and St. Isidore of Seville. The second part of the book contains the Latin text of the *Treatise* presented unit by unit, each followed by the English translation and, when appropriate, by a comment. *The Treatise on Law* will be of interest to law students, lawyers, judges, and legal scholars. It will also appeal to those interested in St. Thomas's legal philosophy, such as political scientists, theoretical sociologists, and cultural historians. For philosophers, especially beginners in medieval philosophy, it serves as a good introduction to the thought of St. Thomas.

The Making of the Modern Law: Legal Treatises, 1800-1926 includes over 20,000 analytical, theoretical and practical works on American and British Law. It includes the writings of major legal theorists, including Sir Edward Coke, Sir William Blackstone, James Fitzjames Stephen, Frederic William Maitland, John Marshall, Joseph Story, Oliver Wendell Holmes, Jr. and Roscoe Pound, among others. Legal Treatises includes casebooks, local practice manuals, form books, works for lay readers, pamphlets, letters, speeches and other works of the most influential writers of their time. It is of great value to researchers of domestic and international law, government and politics, legal history, business and economics, criminology and much more.++++The below data was compiled from various identification fields in the bibliographic record of this title.
