The legendary Greek figure Orpheus was said to have possessed magical powers capable of moving all living and inanimate things through the sound of his lyre and voice. Over time, the Orphic theme has come to indicate the power of music to unsettle, subvert, and ultimately bring down oppressive realities in order to liberate the soul and expand human life without limits. The liberating effect of music has been a particularly important theme in twentieth-

being Bharatiya Janata Party's master planner to one of the its most popular and controversial state chief ministers, Modi's mantra of change and development is gradually finding many takers. Though he evokes vastly different reactions among the citizens for his alleged role during the Godhra aftermath, what is absolutely clear is that he indeed is racing towards the centre stage, making the 2014 General Elections look more like a Presidential system - where, you either vote for him or against him. And that, as they say, is the Modi effect. Kingshuk Nag paints the most vivid

- Who am I? My body, my mind, my intelligence, my emotions, or none of the above?

And where did they
