An Introduction to Policing: Dempsey, John S., Forst ...

Evidence-based policing does not provide definitive answers that officers and staff should apply uncritically. Officers and staff will reflect on their practice, consider how the 'best available' evidence applies to their day to day work, and learn from their successes and failures. The approach should mean officers and staff can ask questions, challenge accepted practices and innovate in the ...

AN INTRODUCTION TO POLICING, 6th edition, gives your students a real world introduction to policing. The authors of this book are veterans of law enforcement with extensive experience in all areas of policing. Their insight provides your students with a solid blend of practical information and theory, with an emphasis on current issues and topics, like Homeland Security. Your students will find the latest in academic and practitioner research, as well as the latest applications, statistics, court cases and information on careers. They will also find such important current topics as economic and budget issues and their impact on police hiring and staffing, the nationwide efforts to combat distracted driving, and the sovereign citizens movement. The latest advances in technology are also covered from mobile fingerprint reading devices to computer and digital forensics. AN INTRODUCTION TO POLICING, 6th edition, is a must read for your students considering a career in law enforcement. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Introduction to Policing, Third Edition continues to focus on the thought-provoking, contemporary issues that underscore the challenging and rewarding world of policing. Steven M. Cox, Susan Marchionna, and experienced law enforcement officer Brian D. Fitch balance theory, research, and practice to give students a comprehensive, yet concise, overview of both the foundations of policing and the expanded role of today ' s police officers. The accessible and engaging writing style, combined with stories from the field, make policing concepts and practices easy for students to understand and analyze. Unique coverage of policing in multicultural communities, the impact of technology on policing, and extensive coverage of policing strategies and procedures — such as those that detail the use of force —make this bestselling book a must-have for policing courses.

Thoroughly updated to take account of recent changes in policy, this book covers everything you need to excel at your studies in Policing. It includes: A new chapter on Global and Transnational Policing rich in comparative examples A new chapter on Criminal Investigation, providing a complete overview of the criminal investigation process A concluding chapter tying together the book ' s themes, including a new section on approaches to policing A companion website with lecturer resources, web links, expanded case studies and links to relevant journal articles Written with flair and enthusiasm, the text is packed with helpful learning features from key terms, learning objectives and chapter summaries, to self-check questions, annotated further reading, text boxes and a glossary.

The latest book from Cengage Learning on An Introduction to Policing, International Edition

Introduction to American Policing: An Applied Approach connect criminal justice, criminology, and law enforcement knowledge to the progress of the police community. Case studies, narratives from violators, and current research coverage help students recognize the central theories and practical (documented) realities of American law enforcement. Students are encouraged to consider the way some believe policing should be while examining evidence about the way it is. This text will also provide a current description of local and state police organization partnerships with federal organizations and of the efforts accomplished by federal law enforcement agencies including the Department of Homeland Securities (DHS).

Modern perspectives of law enforcement are both complex and diverse. They integrate management and statistical analysis functions, public and business administration functions, and applications of psychology, natural science, physical fitness, and marksmanship. They also assimilate theories of education, organizational behavior, economics, law and public policy, and many others. Modern law enforcement is a blend of both theoretical knowledge and applied practice that continuously changes through time. With contributions by nine authors offering a diverse presentation, Introduction to Law Enforcement goes beyond the linear perspective found in most law enforcement texts and offers multiple perspectives and discussions regarding both private and public entities. Through this approach, readers gain an understanding of several dimensions of the subject matter. Topics discussed include: Contemporary crime trends Policing ethics Law enforcement history The functions of modern law enforcement agencies Homeland security Public service Human resources The path of a case from arrest through incarceration and post-release Local, state, regional, federal, and tribal law enforcement agencies Private enforcement organizations Adaptable across a wide range of learning environments, the book uses a convenient format organized by agency type. Pedagogical features include learning objectives, case studies, and discussion questions to facilitate reader assimilation of the material. Comprehensive in scope, the text presents a robust consideration of the law enforcement domain.
