From etching "Ariens" onto our first rototiller in 1933 to stamping our logo onto zero-turn mowers today, putting our name on a machine is a very meaningful moment. It means we believe in that machine, we stand behind it, and we've put everything we've got into it. Because we don't just put our family name on machines, we put our family name on the line. Connie Nixon is no stranger to making lists. In fact, she has rewritten the list of her deepest desires no fewer than forty-eight times. And each Sunday, for as long as she can remember, she's tinkered with it. But actually doing something about her desires is a different story—until the night she comes across a box belonging to her estranged daughter...and makes a stunning discovery. It turns out that her seemingly straitlaced Jessica is part owner of one of the most successful sex toy shops in America. Shocked by her daughter's

secret life, Connie tucks her list in her back pocket and does something utterly impulsive: she hops on a plane to New York City to track down Jessica—and winds up on the wildest adventure of her life. Because with her daughter's help, Connie's about to let her own inner bombshell see the light of day. Now, for the first time ever, things are flying off Connie's list. Like reconnecting with her daughter. And getting tipsy before noon. And the most startlingly extraordinary desire of all: falling in love.

John Arthos discovers and promotes an organic reciprocity between rhetoric as a humanist practice and hermeneutics as a theoretical comportment. Although these two traditions have a long and rewarding collaboration, it is only now that we begin to realize their potential for radically remaking the way we think and speak as social animals. Arthos marries the performative competencies of rhetorical practice with the circularity of hermeneutic understanding in a way that redefines the syntax of a humanist education in the twenty-first century. As a counter to the linear, technical rationalism that permeates common culture and educational praxis, *Speaking Hermeneutically* shows how a hermeneutically inflected rhetoric can lead to refashioning habits of thought and speech, the constitution of personal identity, the conventions of social engagement, and the

deliberative practices that form the basis of public institutions. Arthos adapts the hermeneutics of Martin Heidegger, Hans-Georg Gadamer, and Paul Ricoeur to a series of classic rhetorical texts and landmark political moments, modeling the revitalized interchange of traditions in a way that will be accessible to scholars and students in both fields of inquiry.

"How often do you begin reading a book that makes you—immediately, urgently, desperately—want to read more books?" (Booklist). Nick Hornby has managed to write just such a book in this hilarious, insightful, and infectious volume. Ten Years in the Tub chronicles Hornby's journey through a decade's worth of books, as related in his wildly popular Believer column "Stuff I've Been Reading." Ten Years in the Tub is a one-way ticket into the mind of one of the most beloved contemporary writers on his favorite pastime, but it's also a meditation on what Celine Dion can teach us about ourselves, a warning

about how John Updike can ruin our sex lives, and a recommendation for the way Body Shop Vanilla Shower Gel can add excitement to our days. This "decade-long addiction for many... makes standing in line at the bank a blessed interval for snorting another page." (the New York Times Book Review)

When Beth and her husband Todd took a missions trip to Mexico thirteen years ago, they just thought it was an opportunity to do a little good with their summer vacation. But they couldn't forget a chance encounter with a forgotten orphanage, couldn't forget that transcendent feeling of having participated in something truly profound and like addicts they wanted that feeling again. A year later, they moved to Monterrey, Mexico. Some might call that reckless. In the years that follow, Beth and Todd establish a ministry that helps orphans---the poorest, most defenseless members of a needy populace. And while the stories here are drawn from those experiences, this book isn't a memoir. It's about living with faith, with the certainty that God will show up, exactly where and exactly when He's needed. Beth calls it a reckless faith---a willingness to trust even when you don't understand. And her book---an inspiring collection of true stories about real people who, when faced with real challenges, chose to trust God---is a call to every reader to live with Reckless

An “engrossing and exciting” account of legendary New Orleans privateers Pierre and Jean Laffite and their adventures along the Gulf Coast (Booklist, starred review). At large during the most colorful period in New Orleans’ history, from just after the Louisiana Purchase through the War of 1812, privateers Jean and Pierre Laffite made life hell for Spanish merchants on the Gulf. Pirates to the US Navy officers who chased them, heroes to the private citizens who shopped for contraband at their well-publicized auctions, the brothers became important members of a filibustering syndicate that included lawyers, bankers, merchants, and corrupt US officials. But this allegiance didn’t stop the Laffites from becoming paid Spanish spies, disappearing into the fog of history after selling out their own associates. William C. Davis uncovers the truth about two men who made their names synonymous with piracy and intrigue on the Gulf.

This text focuses on the shift in evangelical Protestant architecture in the 1880s and links it to changes in worship style and religious mission. It focuses on how these buildings helped congregations negotiate social and personal power.
