The six Cello Suites, BWV 1007-1012, are suites for unaccompanied cello by Johann Sebastian Bach. They are some of the most frequently performed and recognizable solo compositions ever written for cello. Bach most likely composed them during the period 1717-23, when he served as Kapellmeister in Köthen. The title given on the cover of the Anna Magdalena Bach manuscript was Suites à Violoncello Solo senza Basso. As usual in a Baroque musical suite, after the prelude which begins each ...

Swarts performs Bach's Six Suites for Cello Solo on a Baroque cello, but, uniquely, Suite no.5 is played on a Basse de Violon. Bach wrote the six suites in different keys, each consisting of six movements. Some of the keys are more comfortable for the performer (G, D and C), while others are difficult in the extreme (E flat major).

Info for J.S. Bach - Six Suites for Violoncello Solo. "The personal story of the cello played braced against the shoulder (violoncello da spalla) began, when Sergey Malov first listened to a vinyl recording of Bach's cello suites played by the legendary Pablo Casals from his father's collection. Later on, when he listening to the recordings he could not get rid of the feeling that this light and dancing music does not after all fit that well with such a heavy big instrument as a cello.

This edition of the Bach Cello Suites is appealing to both the scholar and the performer. The genesis of this edition was the alignment of the relevant manuscripts for easy comparison and study using a line-by-line layout. It has resulted in the ultimate scholarly approach to the study of these manuscripts and has led to many discoveries concerning notes, trills, dots, dynamics, and rhythm. In the scordatura version of "Suite No. 5," pitch names are given above the notes for the re-tuned top string, clarifying confusing elements in the notation. Fingerings and bowings in this edition reflect those used on the DVD set of Starkweather's performance of the suites (item number 730150). Reference to the manuscript edition makes it possible to visually assess the ambiguity of many of the slurs and to reach one's own conclusions.

(String Solo). For unaccompanied viola.

An award-winning journey through Johann Sebastian Bach's six cello suites and the brilliant musician who revealed their lasting genius. One fateful evening, journalist and pop-music critic Eric Siblín attended a recital of Johann Sebastian Bach's Cello Suites—an experience that set him on an epic quest to uncover the mysterious history of the entrancing compositions and their miraculous reemergence nearly two hundred years later. In pursuit of his musicological obsession, Siblín would unravel three centuries of intrigue, politics, and passion. Winner of the Mavis Gallant Prize for Non-fiction and the McAuslan First Book Prize, *The Cello Suites* weaves together three dramatic narratives: the disappearance of Bach's manuscript in the eighteenth century, Pablo Casals's discovery and popularization of the music in Spain in the late nineteenth century, and Siblín's infatuation with the suites in the present day. The search led Siblín to Barcelona, where Casals, just thirteen and in possession of his first cello, roamed the backstreets with his father in search of sheet music and found Bach's lost suites tucked in a dark corner of a store. Casals played them every day for twelve years before finally performing them in public. Siblín sheds new light on the mysteries that continue to haunt this music more than 250 years after its composer's death: Why did Bach compose the suites for the cello, then considered a lowly instrument? What happened to the original manuscript? A seamless blend of biography and music history, *The Cello Suites* is a true-life journey of discovery, fueled by the power of these musical masterpieces. "The ironies of artistic genius and public taste are subtly explored in this winding, entertaining tale of a musical masterpiece." *Publishers Weekly* "Siblín's writing is most inspired when describing the life of Casals, showing a genuine affection for the cellist, who . . . used his instrument and the suites as weapons of protest and pleas for peace." *Booklist*, starred review

Although Johann Sebastian Bach did not write any music for the guitar, transcriptions of his unaccompanied string music and music for lute have long been a part of the guitar repertoire. Despite the respect that this music commands among musicians and audiences, debate still exists as to what constitutes an appropriate means of transcribing, interpreting and performing this music on the guitar. It is this debate that prompted this long-awaited edition of Bach's unaccompanied cello suites by scholar and concert guitarist, Stanley Yates. This definitive work includes performance scores, comparison scores, and an invaluable 40-page guide entitled *Arranging, Interpreting, and Performing the Music of J.S. Bach*. Furthermore, the author offers comments on his arranging process and suggestions on using this edition including: ornamentation, slurs, fingerings, notation, and implementation of the comparison scores. Written in standard notation in guitar-friendly keys.

Did Mrs Bach write some of our greatest musical works? It's not often that one of the world's greatest composers is accused of plagiarising his wife's work,

but an Australian musical expert has cast doubt on whether Johann Sebastian Bach wrote all his own material. Conductor Martin Jarvis believes Bach's cello suites were composed by the German musician's second wife, Anna Magdalena Bach (1701-60). He takes us on an intriguing journey of speculation and discovery to uncover the truth and rewrite some musical wrongs. When ABC 'AM' broke the story, it was wired all around the world and created a sensation in music circles. Category: MUSIC / BIOGRAPHY

Original manuscript from Anna Magdalena Bach, his second wife, this is a direct reprint of the original manuscript as of yet an unknown date. Important as the primary source for the cello transcriptions of style, nuance, and embellishment. 41pps, Edition Fleury 2013.
