Solution-focused therapy, also called solution-focused brief therapy (SFBT), is a type of therapy that places far more importance on discussing solutions than problems (Berg, n.d.). Of course, you must discuss the problem to find a solution, but beyond understanding what the problem is and deciding how to address it, solution-focused therapy will not dwell on every detail of the problem you are experiencing.

What is Solution-Focused Therapy: 3 Essential Techniques

The main idea behind SFBT is that the techniques are positively and solution-focused to allow a brief amount of time for the client to be in therapy. Overall, improving the quality of life for
