By seeing the sequence of numbers on a 120 chart, a student has the opportunity to develop a mental framework for numbers that follow 100 and to start getting the sense that those place value concepts used to count ones and tens just carry over into hundreds as well. A 120 chart is just long enough to push kids over that one small hurdle, and it's part of the reason the Common Core standards have encouraged fact practice up through 120.
