Budaya terbentuk dari banyak unsur yang rumit, termasuk sistem agama dan politik, adat istiadat, bahasa, perkakas, pakaian, bangunan, dan karya seni. A Muslim punk house in Buffalo, New York, inhabited by burqa-wearing riot girls, mohawked Sufis, straightedge Sunnis, Shi'a skinheads, Indonesian skaters, Sudanese rude boys, gay Muslims, drunk Muslims, and feminists. Their living room hosts parties and prayers, with a hole smashed in the wall to indicate the direction of Mecca. Their life together mixes sex, dope, and religion in roughly equal amounts, expressed in devotion to an Islamo-punk subculture, "taqwacore," named for taqwa, an Arabic term for consciousness of the divine. Originally self-published on photocopiers and spiralbound by hand, The Taqwacores has now come to be read as a manifesto for Muslim punk rockers and a "Catcher in the Rye for young Muslims." There are three different cover colors; red, white, and blue.

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F\*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us

how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullsh\*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f\*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

From the author of the international mega-bestseller *The Subtle Art of Not Giving A F\*ck* comes a counterintuitive guide to the problems of hope. We live in an interesting time. Materially, everything is the best it's ever been—we are freer, healthier and wealthier than any people in human history. Yet, somehow everything seems to be irreparably and horribly f\*cked—the planet is warming, governments are failing, economies are collapsing, and everyone is perpetually offended on Twitter. At this moment in history, when we have access to technology, education and communication our ancestors couldn't even dream of, so many of us come back to an overriding feeling of hopelessness. What's going on? If anyone can put a name to our current malaise and help fix it,

it's Mark Manson. In 2016, Manson published *The Subtle Art of Not Giving A F\*ck*, a book that brilliantly gave shape to the ever-present, low-level hum of anxiety that permeates modern living. He showed us that technology had made it too easy to care about the wrong things, that our culture had convinced us that the world owed us something when it didn't—and worst of all, that our modern and maddening urge to always find happiness only served to make us unhappier. Instead, the “subtle art” of that title turned out to be a bold challenge: to choose your struggle; to narrow and focus and find the pain you want to sustain. The result was a book that became an international phenomenon, selling millions of copies worldwide while becoming the #1 bestseller in 13 different countries. Now, in *Everything Is F\*cked*, Manson turns

his gaze from the inevitable flaws within each individual self to the endless calamities taking place in the world around us. Drawing from the pool of psychological research on these topics, as well as the timeless wisdom of philosophers such as Plato, Nietzsche, and Tom Waits, he dissects religion and politics and the uncomfortable ways they have come to resemble one another. He looks at our relationships with money, entertainment and the internet, and how too much of a good thing can psychologically eat us alive. He openly defies our definitions of faith, happiness, freedom—and even of hope itself. With his usual mix of erudition and where-the-f\*ck-did-that-come-from humor, Manson takes us by the collar and challenges us to be more honest with ourselves and connected with the world in ways we probably haven't

considered before. It's another counterintuitive romp through the pain in our hearts and the stress of our soul. One of the great modern writers has produced another book that will set the agenda for years to come.

Set in an imagined town outside Tokyo, Clarissa Goenawan's dark, spellbinding literary debut follows a young man's path to self-discovery in the wake of his sister's murder. Ren Ishida has nearly completed his graduate degree at Keio University when he receives news of his sister's violent death. Keiko was stabbed one rainy night on her way home, and there are no leads. Ren heads to Akakawa to conclude his sister's affairs, failing to understand why she chose to turn her back on the family and Tokyo for

this desolate place years ago. But then Ren is offered Keiko's newly vacant teaching position at a prestigious local cram school and her bizarre former arrangement of free lodging at a wealthy politician's mansion in exchange for reading to the man's ailing wife. He accepts both, abandoning Tokyo and his crumbling relationship there in order to better understand his sister's life and what took place the night of her death. As Ren comes to know the eccentric local figures, from the enigmatic politician who's boarding him to his fellow teachers and a rebellious, captivating young female student, he delves into his shared childhood with Keiko and what followed. Haunted in his dreams by a young girl who is desperately trying to tell him something, Ren realizes that Keiko Ishida kept many secrets,

"Alif had never set foot outside of West Sumatra. He passed his childhood days searching for fallen durian fruit in the jungle, playing soccer on rice paddies, and swimming in the blue waters of Lake Maninjau. His mother wants him to attend an Islamic boarding school, a pesantren, while he dreams of public high school. Halfheartedly, he follows his mother's wishes. He finds himself on a grueling three-day bus ride from Sumatra to Madani Pesantren (MP) in a remote village on Java. On his first day at MP, Alif is captivated by the powerful phrase man jadda wajada. He who gives his all will surely

succeed. United by punishment, he quickly becomes friends with five boys from across the archipelago, and together they become known as the Fellowship of the Manara. Beneath the mosque's minaret, the boys gaze at the clouds on the horizon, seeing in them their individual dreams of far-away lands, like America and Europe. Where would these dreams take them? They didn't know. What they did know was: never underestimate dreams, no matter how high they may be. God truly is The Listener. The Land of Five Towers is the first book in a trilogy written by A.
