Dahlia flowers come in every color but blue. In the nineteenth century, a London newspaper offered £1 to the first breeder to create a blue dahlia—the reward has never been claimed, but there have been many attempts that are near-blue, but not a true blue flower. Like many flower varieties, there is also no pure black variety—only dark red and dark purple.

"A Harper has always lived at Harper House, the centuries-old mansion just outside of Memphis. And for as long as anyone alive remembers, the ghostly Harper Bride has walked the halls, singing lullabies at

night... Hayley Phillips came to Memphis hoping for a new start, for herself and her unborn child. She wasn't looking for a handout from her distant cousin Roz, just a job at her thriving In the Garden nursery. What she found was a home surrounded by beauty and the best friends she's ever had--including Roz's son Harper. To Hayley's chagrin, she has begun to dream about Harper--as much more than a friend... If Hayley gives in to her desire, she's afraid the foundation she's built with Harper will come tumbling down. And that wouldn't be the only consequence, since her dreams are tangled up with Roz and the nursery. Hayley will have to put the past behind her to know her own heart again--and to decide whether she's willing to risk it.."

Brian Castro's award-winning novel, "The Garden Book," is a meditation on loneliness, addiction and exploitation. Set in the years between the Depression and the Second World War in Australia's Dandenong Ranges, it follows the emotionally turbulent life of the beautiful Swan Hay (born Shuang He)--her marriage to the passionate yet brutal Darcy Damon, her love affair with the aviator Jasper Zenlin and her rise to literary fame overseas after her poetry is translated into French without her knowledge. Fifty years after her disappearance into institutions and a life of poverty and despair, Norman Shih--a rare-book librarian and "expert in self-effacement"--begins to piece together the life and losses of Swan. Tracking down clues from guesthouse libraries, antiquarian bookshops and Swan's own haunted writings, Shih fills out a portrait of early twentieth-century Australian lives wracked by modernist impulses of racial prejudice.

'The Flower Yard is simply gorgeous. Inspirational, sumptuous and packed with refreshingly down-to-earth advice. I love this book.' Nigel Slater Arthur Parkinson's town garden is like a path of pots, a tiny, exposed stage on bricks. Despite its small size, a flower-filled jungle in Venetian tones is grown here each year, in defiance of urbanisation. The plants act like drapes, closing gently as their growth engulfs the front door, from either side of the path, to the buzz of precious bees. This is gardening done entirely in pots, yet on a grand scale that will inspire anyone who wants their doorstep or patio to be a glamorous and lively canvas that nurtures them visually and mentally. From jewel scatterings of crocus, flocks of parrot tulips and scented sweet peas to galaxies of single dahlias, towering giraffes of amaryllises grown inside for winter and endless vases of cut blooms through the seasons. With his bantam hens at his feet, Arthur shares his life, knowledge, flair and influences for planting creatively, all of which combine to create a space that's rich in ever-changing colour and life.
