1. Uncertainty. All human beings, but it seems business leaders in particular, find great discomfort in uncertainty. Uncertainty in the global economy, uncertainty in the credit markets, uncertainty in how new regulations will affect business, uncertainty about what competitors are doing, and uncertainty about how new technology will affect the business—these are just the start of a never-ending list.

On technical terms, a business case study is a real-life or imaginary business situation documented and used as instructional material. Business students and trainees examine these documents to formulate solutions and action plans to hypothetical problems. Some companies publish their case studies so that prospective clients can understand what they do and how they can assist them.

One of the most difficult business challenges you can face is your own inability to reach out to available resources. Being a great leader doesn't mean that you have all the solutions – but it does mean that you use everything at your disposal to get the job done. One of the top traits of a leader is resourcefulness.

The ninth edition retains the book's strengths, including problems starting every chapter, cases supported by clear narrative, and juxtaposition of the MBCA and DGCL. It complements classics with up-to-date cases, moving smoothly from Van Gorkom to Cornerstone; Weinberger to M&F Worldwide; and Revlon to Corwin. The opening fourth addresses alternative forms of business organization, the middle half rivets on corporations, and the final fourth treats relevant securities regulation.
