National Bestseller Most women don't want to hear about breast cancer unless they have it and need to make some decisions, but these days news about breast cancer—the number one killer of women ages twenty to fifty-nine—is everywhere. Hope for a cure abounds. Celebrities have come forward to share their experiences and raise awareness. Chances are you know someone who has had it. But did you know that you make choices every day that bring you closer to breast

cancer—or move you farther away? That in the majority of cases, cancer isn't up to fate, and there are ways to reduce your risk factors? That many of the things you've heard regarding the causes of breast cancer are flat-out false? There have been few solid guidelines on how to improve your breast health, lower your risk of getting cancer, optimize your outcomes if you're faced with a diagnosis, and make informed medical choices after treatment. Until now. “Dr. Funk writes *Breasts: The Owner's Manual* just like she talks: with conviction, passion, and a laser focus on you.” —DR.

through the process of developing and implementing a pollution prevention plan. Specific EPA General Permit pollution prevention requirements are highlighted in shaded boxes throughout the manual for easy reference. This approach allows you to complete your plan quickly and efficiently. Storm Water Management for Industrial Activities will soon be dog-eared with use by plant operators, managers, and supervisors. Consultants and regulators will also find themselves constantly referring to this essential guide.
