The ability to compare and contrast is one of the first higher-order reading comprehension skills students are introduced to. And it is no wonder, as the ability to categorise and compare things in terms of their differences and similarities corresponds to some the earliest stages of cognitive development. Without the ability to group things effectively in terms of their similarities and differences, much of what we consider as 'learning' would be impossible.

"Open up, Pork Chop! Or I'll huff and I'll puff and I'll flatten this dump!" Three little pigs are happily working away in their delicious family business -- making the best-tasting waffles in the world. Business is so good, in fact, that the three siblings can live comfortably in their very own homes -- Percy in his straw bungalow, Pete in his log cabin, and Prudence in her brick cottage. Then Tempesto, the meanest wolf on the block, shows up and wants more than waffles for breakfast -- he wants the three little pigs! Here is a zany retelling of a classic folktale from master storyteller Steven Kellogg.

Elliot lives in America, and Kailash lives in India. They are pen pals. By exchanging letters and pictures, they learn that they both love to climb trees, have pets, and go to school. Their worlds might look different, but they are actually similar. Same, same. But different! Through an inviting point-of-view and colorful, vivid illustrations, this story shows how two boys living oceans apart can be the best of friends.

You're holding a new kind of professional development tool called a Strategic Teacher PLC Guide. Designed in partnership with more than 75 schools, Strategic Teacher PLC Guides make the important work of bringing high-impact, research-based instructional practices into every classroom easier than ever before. Each guide focuses on one strategy from the best-selling ASCD book The Strategic Teacher: Selecting the Right Research-Based Strategy for Every Lesson and serves as a complete professional development resource for a team of teachers (or professional learning community) to learn, plan, and implement the strategy in their classrooms.This guide focuses on Reading for Meaning, a reading and reasoning strategy that helps students understand new ideas, make inferences, and support their thinking with evidence. The strategy is designed around research showing that proficient readers use a specific set of thinking skills to build deep understanding of the texts they read and apply those skills in three distinct phases: before reading, during reading, and after reading. Reading for Meaning gives all students the opportunity to practice this three-phase approach by* Using simple statements to preview and predict before reading.* Actively searching for relevant evidence during reading.* Reflecting on and synthesizing both their learning and their thinking process after reading.This PLC Guide takes you and your colleagues on a "guided tour" of Reading for Meaning, enabling you to* Learn how Reading for Meaning builds reading, reasoning, and problem-solving skills.* Experience a model lesson using the Reading for Meaning strategy and learn from sample lessons and planning forms designed by other teachers.* Plan a complete Reading for Meaning lesson for your classroom.* Reflect deeply on your lesson to refine and expand your use of the strategy.* Examine student work at various levels of proficiency and use your findings to plan next steps in building students' reading, thinking, and comprehension skills.Harvey F.
