Creating Significant Learning Experiences: An Integrated ...

Creating Significant Learning Experiences through Integration According to Fink (2003), one of the ways significant learning experiences can be categorized is in terms of the changes they cause in the learner. These changes are at the very root of what learning does (and intends to do), but can take diverse

Experiences An  
significant learning experience. In order to do this, we need to work through the course design process in a systematic way. This means completing each step before going on to the next one. This is important because the later steps build on the earlier ones. For Integrated Course Design (Model 1), start by building strong primary

rich, interactive, and enjoyable are all important, but they should be used to enrich the learning, not to substitute it. A great learning experience promotes further learning. Learning just to pass an exam is the saddest outcome education can have.

What are elements of a great Learning Experience?

Dr. L. Dee Fink Director, Instructional Development Program University of Oklahoma Author of Creating Significant Learning Experiences (Jossey-Bass, 2003) One of the first tasks teachers face when designing a course is deciding what

Creating Significant Learning - Sacramento State  
Ausubel's significant learning theory states that we add and adapt the new information to our previous knowledge. It is a conscious process. Significant learning is an active process in which the subject is the protagonist. This type of learning contrasts with rote learning, which is a more passive procedure.
