You've got to—belch!—roll for initiative, Morty! Two pop culture juggernauts are teaming up and neither multiverse is prepared for what comes next! When Morty sees a cute girl at school playing Dungeons & Dragons, he asks Rick to show him the ropes, only to discover that his grandfather is a veteran gamer. Next thing he knows, the entire family has been pulled into a campaign that escalates from virtual D&D simulations to alternate universes governed by the rules of the game. And as it turns out, Rick isn't the only one who knows his way around a d20.

A boxed set introducing the newest edition of the Dungeons & Dragons role-playing game includes a 64-page adventure book with everything the Dungeon Master needs to get started; a 32-page rulebook for playing characters from Level 1 to Level 5; five pregenerated characters, each with a character sheet and supporting reference material; and six polyhedral dice.

The essential handbook integrating fear and horror into D&D play, this guide provides everything Dungeon Masters need to run a horror-oriented campaign or integrate elements of creepiness and tension into their existing campaigns.

The most evil and complex elements of the Dungeons & Dragons world are presented for the first time--such as moral dilemma, slavery, human sacrifice, prostitution, and other sensitive issues--to allow players to add a level of complexity to their campaigns.
