Economics Definition:  
Overview, Types, and  
Economic Indicators

Supply and Demand  
is one of the first  
things we learn in  
economics. Supply  
speaks to the quantity  
of something that's

available for sale  
while demand refers  
to the willingness to  
purchase it. If the  
supply is higher than  
the demand, the  
market is thrown off

## Interpretation Economics - Wikipedia

□ Economic is the study of economic systems or a production process.

The aim is to determine whether it operates effectively and how profitable it is. □ Put simply; economic analysis is
