In thirty-six thrilling days, Melanie Radzicki McManus hiked 1,100 miles around Wisconsin, landing her in the elite group of Ice Age Trail thru-hikers known as the Thousand-Milers. In prose that ' s alternately harrowing and humorous, Thousand-Miler takes you with her through Wisconsin ' s forests, prairies, wetlands, and farms, past the geologic wonders carved by long-ago glaciers, and into the neighborhood bars and gathering places of far-flung small towns. Follow along as she worries about wildlife encounters, wonders if her injured feet will ever recover, and searches for an elusive fellow hiker known as Papa Bear. Woven throughout her account are details of the history of the still-developing Ice Age Trail—one of just eleven National Scenic Trails—and helpful insight and strategies for undertaking a successful thru-hike. In addition to chronicling McManus ' s hike, Thousand-Miler also includes the little-told story of the Ice Age Trail ' s first-ever thru-hiker Jim Staudacher, an account of the record-breaking thru-run of ultrarunner Jason Dorgan, the experiences of a young combat veteran who embarked on her thru-hike as a way to ease back into civilian life, and other fascinating tales from the trail. Their collective experiences shed light on the motivations of thru-hikers and the different ways hikers accomplish this impressive feat, providing an entertaining and informative read for outdoors enthusiasts of all levels.

For Cheryl Mendelson, laundering is the best part of housekeeping. It ' s full of physical pleasures—the look of favorite clothes restored to freshness and beauty, the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundering preserves things you love and protects your pocketbook. It doesn ' t take much time or effort. What it takes is knowledge, and Laundry is the comprehensive, entertaining, and inspiring book on the art of laundering. Culled from the bestselling Home Comforts, with revised and updated information and a new introduction, Laundry is an indispensable guide to caring for all the cloth in one ' s home: from kitchen rags to bedding, hand-washables, and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing, and storing clothing and fabrics. A much-needed antidote to the standard-issue how-to manual, Laundry celebrates the satisfactions of ironing, folding, and caring for clothes and linens. Both pragmatic and eloquent, Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson—who is a philosopher, lawyer, and professor, as well as a homemaker, wife, and mother—received a classic domestic education from her grandmothers, aunts, and mother. Laundry combines the best of the traditional lore they taught her with the latest in technical and scientific information. Writing with infectious love and respect for her subject, Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering.
