Eskimos or the Inuits are the indigenous people inhabiting parts of the northern circumpolar region ranging from Siberia to Canada. The term Eskimo is slowly being replaced by the Canadian term ' Inuit ' or ' Yupik.' Each of these terms is used by different settlements of Eskimos.

~~Who Are The Eskimo People? Where Do They Live? - WorldAtlas~~

Igloo, also spelled iglu, also called aputiak, temporary winter home or hunting-ground dwelling of Canadian and Greenland Inuit (Eskimos). The term igloo, or iglu, from Eskimo igdlu (" house "), is related to Iglulik, a town, and Iglulirmiut, an Inuit people, both on an island of the same name.

~~Igloo | dwelling | Britannica~~

The igloo is the quintessential dwelling of an Inuit: an ingenious dome-shaped construct built from blocks of ice and snow. A clever shelter crafted from the very thing that causes the need for shelter in the first place, the Igloo uses snow ' s insulating properties to create a comfortable dwelling.

You. That's Right. YOU. You've got a problem. You've got a product that's not first in its class. It's not even second. You've got to find a way to market that product. What Are You Going To Do? You're going to read this book, that's what. Let's face it. There comes a time in the life of every business when a product or service does not sell up to expectations. Maybe your product is outmoded. Or hasn't been positioned correctly. Or is competing in a crowded market. Whatever the reason, Ice to the Eskimos is dedicated to helping you reclaim that lost ground. It's about taking a product or service and turning it into a winner. If you've got a product that is not the best in its field, then you will love Ice to the Eskimos. Take the principles Jon Spoelstra writes about and run hard with them—you'll be amazed by the results. Written by the former president of the hapless New Jersey Nets, Jon Spoelstra is the man responsible for tripling that team's lagging revenues in just three years and increasing the season-ticket holders base by 250 percent. This guy knows what he's talking about. What everyone else had seen as a lost cause, Spoelstra saw as an outstanding opportunity to reawaken a tired and beaten product to achieve unprecedented profitability. Not just for sports marketers, this lively, entertaining book successfully makes the jump from sports to whatever your product may be. The techniques Spoelstra perfected while working for teams in the NHL and NBA—from innovative packaging to image overhaul—apply to any product in any company. The numerous winning examples are sure to make Ice to the Eskimos a must-read for anyone with a product or service to sell. Ice to the Eskimos is sure to be an instant marketing classic. It will show millions of readers how to market their product...sometimes even after they've given up hope. By using the powerful techniques in this book, you too can learn to achieve the impossible and market ice to the Eskimos.

Study the Eskimos - their way of life and their food, clothing, hunting and fishing, travel, recreation, and art. There ' s a lot to learn about the Eskimos, if you just take the time to really delve into the subject. Encourage the reading habit beginning today. Enjoy the good read!

Today regarded as a classic, this description of life in polar cultures reflects traditional ethnography at its best and has been a favored account for thirty years. Balikci's important study of the Netsilingmiut, an isolated tribe of Arctic hunters living close to the Arctic Circle, examines their technology, social organization, and religion. The extended period of time that the author worked with the Netsilik Eskimo is reflected in the depth of his understanding of their past and present environments. His portrayal of their dependence on government services, along with modern technology, provides an accurate and necessary insight into the process of cultural change being experienced by cultures in many developing countries. The volume makes a superb accompaniment to the Netsilik documentary film series.

"A wonderful gift to all Alaskans and to thinking people everywhere." --Alaska History Eskimo Essays introduces the reader to important aspects of the ideology and practice of the Yup'ik Eskimos of western Alaska, past and present. The essays point the way toward a fuller recognition of how Yup'ik Eskimos differ from the popular Western image of the Eskimo that was born largely without reference to Yup'ik reality. By describing the reality of Yup'ik life, "Eskimo Essays" extends our understanding of Eskimos in general and Yup'ik Eskimos in particular. Ann Fienup-Riordan argues that Western observers have simultaneously naturalized Eskimos as paragons of simplicity and virtue and historicized them as victims of Western imperialism. This process has often ignored Eskimo concepts of society, history, and personhood. An original assumption of similarity to Western society has profoundly affected the current Euro-American view of Eskimo history and action. Non-natives have taken an idealized Western individual, dressed that person up in polar garb, and then assumed they understood the garment's maker. The result is a presentation of Eskimo society that often tells us more about the meaning we seek in our own. Moreover, modern Eskimos have risen to the challenge and to some extent become what we have made them. Bridging the gap between informed scholarship and popular concepts, Fienup-Riordan provides a compelling and fresh presentation of Yup'ik life--cosmology, the missionary experience, attitudes toward conservation, Eskimo art, the legal system, warfare, and ceremonies. Ann Fienup-Riordan is an anthropologist who has published widely on the Eskimos of Alaska. She was named Historian of the Year by the Alaska Historical Society in 1991, and in 2000, in recognition of "Hunting Tradition in a Changing World."

Alliance and Conflict combines a richly descriptive study of intersocietal relations in early nineteenth-century Northwest Alaska with a bold theoretical treatise on the structure of the world system as it might have been in ancient times. Ernest S. Burch Jr. illuminates one aspect of the traditional lives of the Iñupiaq Eskimos in unparalleled detail and depth. Basing his account on observations made by early Western explorers, interviews with Native historians, and archeological research, Burch describes the social boundaries and geographic borders formerly existing in Northwest Alaska and the various kinds of transactions that took place across them. These ranged from violence of the most brutal sort, at one extreme, to relations of peace and friendship, at the other. Burch argues that the international system he describes approximated in many respects the type of system existing all over the world before the development of agriculture. Based on that assumption, he presents a series of hypotheses about what the world system may have been like when it consisted entirely of hunter-gatherer societies and about how it became more centralized with the evolution of chiefdoms. Accounts of specific people, places, and events add an immediate, experiential dimension to the work, complementing its theoretical apparatus and sweeping narrative scope. Provocative and comprehensive, Alliance and Conflict is a definitive look at the greater world of Native peoples of Northwest Alaska.

A bibliography of articles, monographs, and books relating to the health of the North American Eskimo; intended for the use of medical scientists and health administrators dealing with health problems in the north.

Corrects misconceptions about Eskimo life, analyzes early accounts by European explorers, and evaluates the impact these explorers had on Eskimo culture
