~~The classic thriller about a hostile foreign power infiltrating American politics: "Brilliant . . . wild and exhilarating." —The New Yorker A war hero and the recipient of the Congressional Medal of Honor, Sgt. Raymond Shaw is keeping a deadly secret—even from himself. During his time as a prisoner of war in North Korea, he was brainwashed by his Communist captors and transformed into a deadly weapon—a sleeper assassin, programmed to kill without question or mercy at his captors' signal. Now he's been returned to the United States with a covert mission: to kill a candidate running for US president . . . This "shocking, tense" and sharply satirical novel has become a modern classic, and was the basis for two film adaptations (San Francisco Chronicle). "Crammed with suspense." —Chicago Tribune "Condon is wickedly skilful." —Time~~

~~Provides a description, release dates, historical background, and other details about pinball machines produced by major manufacturers in each year between 1982 and 2011, and offers other information on developments and participants.~~

~~The Paralysis Resource Guide, produced by the Christopher & Dana Reeve Foundation, is a reference and lifestyle tool for people affected by paralysis. The book includes details on medical and clinical subjects related to all causes of paralysis, as well as health maintenance information. The fully-illustrated book provides a detailed overview of biomedical research, assistive technology, sports and recreation activities, legal and civil rights, social security and benefits, and numerous lifestyle options.~~

~~"A wealth of valuable information and step-by-step help, this manual is packed with tips and clear instructions." --Play Meter Magazine. "An excellent book, highly recommended." --Pin Game Journal. "A hugely useful guidebook for novice and professional alike." --GameRoom Magazine.~~

~~In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.~~

~~Atari's 1981 arcade hit Tempest was a "tube shooter" built around glowing, vector-based geometric shapes. Among its many important contributions to both game and cultural history, Tempest was one of the first commercial titles to allow players to choose the game's initial play difficulty (a system Atari dubbed "SkillStep"), a feature that has since become standard for games of all types. Tempest was also one of the most aesthetically impactful games of the twentieth century, lending its crisp, vector aesthetic to many subsequent movies, television shows, and video games. In this book, Ruggill and McAllister enumerate and analyze Tempest's landmark qualities, exploring the game's aesthetics, development context, and connections to and impact on video game history and culture. By describing the game in technical, historical, and ludic detail, they unpack the game's latent and manifest audio-visual iconography and the ideological meanings this iconography evokes.~~

~~In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. ~~The recent \$3.4 billion purchase of Columbia Pictures by Sony Corporation focused attention on a studio that had survived one of Hollywood's worst scandals under David Begelman, as well as ownership by Coca-Cola and David Puttnam's misguided attempt to bring back the studio's glory days. Columbia Pictures traces Columbia's history from its beginnings as the CBC Film Sales Company (nicknamed "Corned Beef and Cabbage") through the regimes of Harry Cohn and his successors, and concludes with a vivid portrait of today's corporate Hollywood, with its investment bankers, entertainment lawyers, agents, and financiers. Bernard F. Dick's highly readable studio chronicle is followed by thirteen original essays by leading film scholars, writing about the stars, films, genres, writers, producers, and directors responsible for Columbia's emergence from Poverty Row status to world class. This is the first attempt to integrate film history with film criticism of a single studio. Both the historical introduction and the essays draw on previously untapped archival material -- budgets that kept Columbia in the black during the 1930s and 1940s, letters that reveal the rapport between Depression audiences and director Frank Capra, and an interview with Oscar-winning screenwriter Daniel Taradash. The book also offers new perspectives on the careers of Rita Hayworth and Judy Holliday, a discussion of Columbia's unique brands of screwball comedy and film noir, and analyses of such classics as The Awful Truth, Born Yesterday, From Here to Eternity, On the Waterfront, Anatomy of a Murder, Easy Rider, Taxi Driver, The Big Chill, Lawrence of Arabia, and The Last Emperor. Amply illustrated with film stills and photos of stars and studio heads, Columbia Pictures includes a brief chronology and a complete 1920-1991 filmography. Designed for both the film lover and the film scholar, the book is ideal for film history courses.~~

~~This book, which originally appeared as a special issue of TDR/The Drama Review, explores the myriad aesthetic, cultural, and experimental possibilities of radiophony and sound art. Art making and criticism have focused mainly on the visual media. This book, which originally appeared as a special issue of TDR/The Drama Review, explores the myriad aesthetic, cultural, and experimental possibilities of radiophony and sound art. Taking the approach that there is no single entity that constitutes "radio," but rather a multitude of radios, the essays explore various aspects of its apparatus, practice, forms, and utopias. The approaches include historical, political, popular cultural, archeological, semiotic, and feminist. Topics include the formal properties of radiophony, the disembodiment of the radiophonic voice, aesthetic implications of psychopathology, gender differences in broadcast musical voices and in narrative radio, erotic fantasy, and radio as an electronic memento mori. The book includes a new piece by Allen Weiss on the origins of sound recording. Contributors John Corbett, Tony Dove, René Farabet, Richard Foreman, Rev. Dwight Frizzell, Mary Louise Hill, G. X. Jupitter-Larsen, Douglas Kahn, Terri Kapsalis, Alexandra L. M. Keller, Lou Mallozzi, Jay Mandeville, Christof Migone, Joe Milutis, Kaye Mortley, Mark S. Roberts, Susan Stone, Allen S. Weiss, Gregory Whitehead, David Williams, Ellen Zweig~~

~~For most people, the Great Crash of 2008 has meant troubling times. Not so for those in the flourishing poverty industry. These mercenary entrepreneurs have taken advantage of an era of deregulation to devise high-priced products to sell to the credit-hungry working poor, including the instant tax refund and the payday loan. In the process they've created an industry larger than the casino business and have proved that pawnbrokers and check cashers, if they dream big enough, can grow very rich off those with thin wallets. Broke, USA is Gary Rivlin's riveting report from the economic fringes. Timely, shocking, and powerful, it offers a much-needed look at why our country is in a financial mess and gives a voice to the millions of ordinary Americans left devastated in the wake of the economic collapse.~~
