history on Nigeria, Nigerians and their contemporary condition. The root idea here is that fundamental to all historical works - that when the mind interacts with the past, the result is something like a torchlight whose beam is focused on the present, thus enabling us to achieve a better understanding of the problems which face us. Afigbo has probed deep into Nigeria's past, bringing out all the facets, all the elements and all the issues that are necessary to improve the present.

In a unique approach to historical representations, the central question of this book is 'what is history?' By describing 'history' through its supplementary function to the field of history, rather than the ground of a study, this collection considers new insights into historical thinking and historiography across the humanities. It fosters engagement from around the disciplines in historical thinking and, from that, invites historians and philosophers of history to see clearly the impact of their work outside of their own specific fields,

and encourages deep reflection on the role of historical production in society. As such, Theories of History opens up for the first time a truly cross-disciplinary dialogue on history and is a unique intervention in the study of historical representation. Essays in this volume discuss music history, linguistics, theater studies, paintings, film, archaeology and more. This book is essential reading for those interested in the practice and theories of history, philosophy, and the humanities more broadly. Readers of this volume are not only witness to, but also part of the creation of, radical new

the local, regional, and even global dimensions of Yoruba history. The Yoruba: A New History offers an intriguing cultural, political, economic, intellectual, and social history from ca. 300 BC to 1840. It accounts for the events, peoples, and practices, as well as the theories of knowledge, ways of being, and social valuations that shaped the Yoruba experience at different junctures of time. The result is a new framework for understanding the Yoruba past and present.
