Alyssa: Memoirs of a Queen review – ego fest with a helping of humility

Gypsy moth is one of North America's most devastating invasive forest pests, capable of defoliating three million acres of forest a year, the department said. Most trees in Indiana's urban and ...

<div>This autobiography follows Gypsy Rose Lee from her childhood in vaudeville to her career as the queen of burlesque</div>
<div>Recounts the author's early experiences as a fifteen-year-old Gypsy emigrating with her family from the Soviet Union to the United States.</div>

Hers is the show business saga you think you already know—but you ain't seen nothin' yet. Rose Thompson Hovick, mother of June Havoc and Gypsy Rose Lee, went down in theatrical history as “The Stage Mother from Hell” after her immortalization on Broadway in *Gypsy: A Musical Fable*. Yet the musical was 75 percent fictionalized by playwright Arthur Laurents and condensed for the stage. Rose's full story is even more striking. Born fearless on the North Dakota prairie in 1891, Rose Thompson had a kind father and a gallivanting mother who sold lacy finery to prostitutes. She became an unhappy teenage bride whose marriage yielded two entrancing daughters, Louise and June. When June was discovered to be a child prodigy in ballet, capable of dancing en pointe by the age of three, Rose, without benefit of any theatrical training, set out to create onstage opportunities for her magical baby girl—and succeeded. Rose followed her own star and created two more in dramatic and colorful style: “Baby June” became a child headliner in vaudeville, and Louise grew up to be the well-known burlesque star Gypsy Rose Lee. The rest of Mama Rose's remarkable story included love affairs with both men and women, the operation of a “tesbian pick-up joint” where she sold homemade bathtub gin, wild attempts to extort money from Gypsy and June, two stints as a chicken farmer, and three allegations of cold-blooded murder—all of which was deemed unfit for the script of *Gypsy*. Here, at last, is the rollicking, wild saga that never made it to the stage.

The son of the famous and eccentric ecdysiast recalls his life with his mother and her sometimes outrageous struggle to survive and to maintain her style of life, her menagerie of pets, and her teen-aged son. Repeat.

The Gypsies portrayed in this book are the Vlax-speaking Rom, the largest group of Gypsies in the United States, numbering 500,000. Not officially recognized as a minority in the U.S. until 1972, Gypsies have led an almost entirely invisible existence here. Now in this fascinating workthe first complete account of American GypsiesSutherland has produced an in-depth look at the full range of everyday social life among the Rom. Separate, elusive, complex, and unique among the people of the world, Gypsies have preserved their traditional way of life. How have they avoided assimilation? What keeps them apart? How are they organized, and what do they believe? These and other important questions about these hidden Americans are addressed in Sutherlands contemporary study.

The book is a documented history of Hungarian-Slovak Gypsies that came to America over 120 years ago, they brought to America the traditional Hungarian Gypsy music they and their ancestors played in Europe for hundreds of years. They are directly linked to Europe's finest Gypsy musicians. From the villages of Hungary, this music was brought to America to make our hearts sing. It is part of world roots music. Piskor tells us, using words and striking photographs, the inside story about his Gypsy family and friends, and warns us of cultural treasures we may be losing. --Professor Steve Balkin, Roosevelt University I encourage you to acquire a book long overdue when concerning American-Hungarian music. Gypsy Violins is a significant historical document for anyone who has danced or listened to a cs rd s or any other Magyar folk music. --Tibor Check Jr. William Penn Life Magazine Congratulations on your new book! Incredibly valuable. --Professor Ian Hancock Ph.D.

A true icon of America at a turning point in its history, Gypsy Rose Lee was the firstand the onlystripper to become a household name, write novels, and win the adulation of intellectuals, bankers, socialites, and ordinary Americans. Her outrageous blend of funny-smart sex symbol with the aura of high culture she boasted that she liked to read Great Books and listen to classical music while taking off her clothes on-stageinspired a musical, memoirs, a portrait by Max Ernst, and a species of rose. Gypsy is the first book about Gypsy Rose Lees life, fame, and place in America not written by a family member, and it reveals her deep impact on the social and cultural transformations taking shape during her life. Rachel Shteir, author of the prize-winning *Striptease*, gives us Gypsys story from her arrival in New York in 1931 to her sojourns in Hollywood, her friendships and rivalries with writers and artists, the Sondheim musical, family memoirs that retold her history in divergent ways, and a television biopic currently in the making. With verve, audacity, and native guile, Gypsy Rose Lee moved striptease from the margins of American life to Broadway, Hollywood, and Main Street. Gypsy tells how she did it, and why.

The author, an anthropologist, tells the story of her relationship with Lola, a gypsy, while observing and experiencing the gypsy way of life, and their struggle to maintain their culture in the modern world.

Based on the life of Gypsy Rose Lee, Gypsy was a Broadway smash for Sondheim and his West Side Story collaborator Arthur Laurents. This is the tale of vaudeville's sad decline, and of one domineering stage mother and her inadvertent creation of a notorious burlesque stripper. Featuring such standards as "Let Me Entertain You" and "Everything's Coming Up Roses".
