products, and enhancing accents. While wet-room treatments are discussed, the focus is on dry-room treatments, which can be delivered in a wider variety of settings. More than 250 full-color photographs illustrate each technique and treatment. Treatment Snapshot boxes provide a quick overview of the treatment before the detailed step-by-step procedures section. Sanitation Boxes offer clean-up and sanitation tips. Sample Treatments include promotional descriptions, product recommendations, and recipes for creating inviting smell-scapes.

The latest building standards must reflect the latest industry trends and technologies, and the California Green Building Standards Code, Title 24 Part 11 was designed to do exactly that. Part 11 of the 12-part California Code of Regulations, Title 24, this valuable resource offers your students the guidelines and regulations to keep up with the increasingly important trend of "going green". With coverage that ranges from energy efficiency to water efficiency and conservation, and from material conservation and resource efficiency to environmental quality and more, it will prove to be an indispensable tool for anyone in or entering the construction industry.
