This flexible text with a student-friendly writing style focuses on explaining not just how to apply a procedure, but why it is applied. The CD-Rom contains audio and video clips, animated illustrations, cases and alternative reading material to help students understand the more difficult topics.

We are shipping the July 2021 edition from this page. Several topics have been cut in accordance with updated CPA Exam Blueprints. At Least Know This publishes a 45-page review for Financial Accounting and Reporting. We do not believe students must memorize 300 pages of review to pass the CPA exam. And, given fewer pages, we find that students have greater retention. To lighten our books, we use wider page margins, decrease font, and eliminate redundancy. We use tables because they structure and compare information efficiently. We teach with examples. And we improve the quality of our writing. The result is FAR in 45 pages. Fake cash method-Classic accounting framework for converting to and from cash flow. This method is intuitive because, in a simple construction, cash and net income are equal and opposite. T-account methods to solve intercompany sales and foreign currency transactions. Updates to reflect Credit Loss ASUs (2020) and SEC amendment for accelerated filers (Oct. 2020). July 2021 updates to remove IFRS, pension accounting and derivative accounting.

The Spiceland/Nelson/Thomas author team has created the new standard in Intermediate Accounting by providing students the most accessible, comprehensive, and current Intermediate Accounting learning system. The rigorous yet readable approach has won over instructors across the country while the coherent, consistent voice of this highly dedicated, deeply engaged author team has significantly improved student understanding. The Spiceland team is committed to providing current, comprehensive, and clear coverage of Intermediate Accounting, and the tenth edition continues to leverage Connect as the premier digital teaching and learning tool on the market. The authors help students develop a better understanding of both theoretical and practical concepts, guiding them to a more complete mastery of accounting principles. The new tenth edition has produced the most cleanly streamlined, thoroughly market-tested, and fully integrated coverage for the latest GAAP and Accounting Standards Updates, as well as tax reforms from the 2017 Tax Cuts and Jobs Act, including: Income Taxes (ch. 16) Leases (ch. 15) Revenue recognition (ch. 5) An extensive collection of NEW and updated technology assets highlight further enhancements in this edition, such as: Tableau Data Analytics Cases Auto-Graded Decision Makers' Perspective cases General Ledger Problems Concept Overview Videos Excel Simulations Guided Example Hint Videos ALEKS Accounting Cycle Review

Rated the most satisfying textbook by students in independent research, Spiceland/Sepe/Nelson's Intermediate Accounting, 6th Edition, has the quality, flexibility, and attention to detail students need to master a challenging subject. It's your Vehicle to Success in the Intermediate Accounting course and beyond! Spiceland/Sepe/Nelson provides a decision maker's perspective to emphasize the professional judgment and critical thinking skills required of accountants today. Reviewers, instructors, and student users of Spiceland have enthusiastically embraced the relaxed, conversational writing style that engages students in an enjoyable and effective learning experience. In addition, accounting's preeminent textbook website provides students a wide variety of electronic learning resources, including iPod content. Study Guide, Instructor's Manual, Solutions Manual, Testbank, and Website content are all created by authors, ensuring seamless compatibility throughout the Spiceland learning package. The end-of-chapter material is also written by the author team and tested in their own classes before being included in Intermediate Accounting. Few areas see the kind of rapid change that accounting does, and the Spiceland team is committed to staying current. The sixth edition fully integrates all the latest FASB Standards, and the authors are committed to keeping you updated with all relevant content changes throughout the edition.

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.
