Arnold 'Arn' Singer, the youth from the past and perhaps the last human being alive on the planet, flees to the dark lands with the heir to the throne. He seeks answers to the missing Ancients - Arn's ancestors - mankind itself. But back in his time the world continues to destabilize. The time distortion the mighty Tevatron collider created is growing larger and beginning to consume everything around it. The gateway vortex must be closed, Arn holds the key, and our world and its future is at stake. Colonel Marion Briggs leads a team of Special Operations soldiers into the distant future world, fully armed and with one order - bring back Arn or his body. But there are more dangers in this strange and beautiful world than anyone knew. More horrors dwell in the deep jungles, below the inland seas and deep below the earth. There are things that can change the shape of two worlds, tear at sanity, and stretch friendships and loves to the limit.

He spends his working life with the sort of people most of us would prefer to pretend didn't exist. In this new edition of his ground-breaking book, which is the inspiration for the tVNZ series *Beyond the Darklands*, Nigel takes us inside the minds of some of the most chilling characters to walk our streets. Now a respected media commentator and recognised expert in sexual abuse, sexual crimes and for his work with severely disturbed children and young people, Nigel is a regular columnist with *Littlies Magazine* and has a parenting slot on National Radio. The television series *Beyond the Darklands* will be screening post July 2007 and will be marketed and publicised by tVNZ as a major local documentary series, further increasing Nigel's profile.

The Dark Land's hunger for flesh never sleeps, even in the deepest cold of winter, and it has marked Rose as its next victim.
