The newly expanded "Learn to Listen, Listen to Learn" series prepares students for the rigors of academic classwork, helping them acquire the listening-comprehension and note-taking skills necessary for success. This two-book series offers students valuable tips for getting the most from college lectures, including note-taking skills, organization of information, recognition of language cues, and the acquisition of vocabulary. Students are shown how a typical lecture is organized, using extensive excerpts and transcripts from authentic lectures on high-interest topics from a wide range of academic discipline. Features: Includes new and updated material, including expanded vocabulary, extension, and post-lecture activities to encourage students to discuss, research, and write about ideas raised in the lectures. Teaches students how to recognize lecture organization, and how to evaluate and predict information. Focuses on the acquisition of vocabulary, especially from the Academic Word List, and on the recognition of language cues. Prepares students for academic testing with TOEFL-style test questions throughout the text. Audio CDs are also available for this text. Click on the links to the left of this page to purchase the Audio CDs. See also "Learn to Listen, Listen to Learn 1."

America's baby doctor tells the inspiring story behind a half century of caring for, understanding, and championing children.

Listen, Love, Learn is for everyone who longs for those deep, abiding relationships that make life meaningful.!!Ann Vertel, PhD, author of Take Charge of Your Confidence

A workbook with forty activities designed to help children learn self-control and empathy.

Knowing how to listen is essential to learning, growing, and getting along with others. Simple words and inviting illustrations help children develop skills for listening, understand why it's important to listen, and recognize the positive results of listening. Includes a note to teachers and parents, additional information for adults, and activities.

Addresses "the systematic development of skills in listening for and interpreting auditory information. Listening skills are a crucial but often-overlooked area of instruction for children who are visually impaired and may have multiple disabilities; they relate to the expanded core curriculum for students and are essential to literacy, independent travel, and sensory and cognitive development."--AFB website.

In this updated version of her landmark book Learning to Listen, Learning to Teach, celebrated adult educator Jane Vella revisits her twelve principles of dialogue education with a new theoretical perspective gleaned from the discipline of quantum physics. Vella sees the path to learning as a holistic, integrated, spiritual, and energetic process. She uses engaging, personal stories of her work in a variety of adult learning settings, in different countries and with different educational purposes, to show readers how to utilize the twelve principles in their own practice with any type of adult learner, anywhere.
