Burren Ecotourism Network – Lonely Planet Best In Travel 2021 *The 15 Best Places to Travel and FASTEST INTERNET in the World for 2020!* ? Lonely Planet Canary Islands Travel Known to surfers as the ‘Hawaii of Europe’, the Canary Islands are full of world-class surf spots, but none comes with a bigger rep than Lanzarote’s radical left reef break, El Quemao. For those not quite up to El Quemao standards, La Caleta de Famara suits surfers of all levels and offers ideal conditions for learners to hop on a board. All across the island, other delicious watery pursuits run from kayaking, snorkelling and diving to sailing and stand-up paddleboarding yoga.

Canary Islands travel destinations - Lonely Planet

Covering all of the Canary Islands in a single slim book is a tall order. Using this for a holiday in Gran Canaria I found it useful but short of detail and maps, normally such a strong plus of Lonely Planet guides. Very much geared to someone staying in Las Palmas whereas most visitors (including me) stay in the south of the island.

Canary Islands Lonely Planet Country & Regional Guides ...

Lonely Planet Writer 21 August 2019 Eerily beautiful lava-sculpted mountains, rippling sugar-white and bare black-rock beaches, distant villages teetering atop ridges, tumbling pine forests full of churning mists and exhilarating hikes, and plenty of sun-toasted resorts – Spain's far-flung Canary Islands are deservedly one of Europe's most popular destinations.

Which of the Canary Islands is right for you? - Lonely Planet

From a distance La Gomera appears as an impenetrable fortress ringed with soaring rock walls. Noodle-thin roads wiggle along cliff faces and up ravines, and the white specks that turn out to be houses seem impossibly placed on inaccessible crags. Up-close, however, that rough landscape translates into lush valleys, awe-inspiring cliffs, glittering black-pebble beaches and bold rock formations sculpted by volcanic activity and erosion.

Lonely Planet Canary Islands (Travel Guide): Amazon.co.uk ...

The only inhabited island of the far-flung Chinijo Archipelago, just north of Lanzarote, gorgeous sand-dusted Isla Graciosa was officially named the eighth Canary Island in 2018. Though still administered from Lanzarote, La Graciosa – with its sublime white-gold beaches, barren volcanic landscapes, world-class surfing, and low-key hiking and water sports – feels worlds away.

from Lonely Planet's Canary Islands guidebook. La Palma, the greenest of the Canarian islands, offers the chance to experience real, un-spoiled nature – from the verdant forests of the north, where lush vegetation drips from the rain-forest canopy; to the deserts of the south, where volcanic craters and twisted rock formations define the views.

Canary Islands - La Palma (PDF Chapter) - Lonely Planet US

This is the Gran Canaria chapter from Lonely Planet's Canary Islands guide-book. Gran Canaria is a continent in miniature, with dramatic variations of terrain ranging from the green and leafy north to the lush mountainous interior and the desert south. In beautiful Arte-nara, the sheer drama of the mountains reaches a crescendo. drink in the incredible views from a restaurant terrace at the mountaintop village of Tejeda.

what hidden discoveries await you. Explore lofty El Teide and its surrounding national park, celebrate Carnival with the locals, and relax on beautiful beaches- all with your trusted travel companion.

The seven volcanic Canary Islands that bask in the Atlantic off shore from the north-west African coast have long had legendary connotations. To the Greeks they were the Gardens of the Hesperides, blessed with a perennial spring-like climate, while the Carthaginians christened them the Purple Isles on account of the rich dye material they obtained there. Inhabitants have ranged from the early Berber-descended Guanches, of whom cultural traces still remain, to the rich blend of European and Latin peoples that evolved after the Spanish conquest in the fifteenth-century. Famous visitors have included Columbus, Humboldt and General Franco, who famously flew from Gran Canaria in a (British-piloted) Dragon Rapide in 1936 to launch Spains Civil War. In todays cosmopolitan capitals of Las Palmas and Santa Cruz de Tenerife Spanish colonial-era buildings merge with modern centers equipped with sophisticated amenities. For vacationers tiny ecologically-oriented havens like Gomera vie with big brash tourist resorts like Playa del Ingls and Playa de las Americas, todays major money-makers after the brief trade boom of yesteryear. Peter Stone explores the fascinating history and culture of this archipelago, where nature and geology provide a spectacular setting for todays tourism industry.
