based on what the competition charges; Value-based pricing—setting a price based on how much the customer believes what you're selling is worth; Price skimming—setting a high price and lowering it as the market evolves

*The 5 most common pricing strategies | BDC.ca*

One key component of your restaurant competitive menu pricing strategy is to understand margin. Not every dish will have the same profit margin. High-end cuts of meat like steak can be marked up 50% above cost, but salads, appetizers, and desserts can be marked up as much as 80% or more. The strategy here is to sell the items with more margin.
