This book applies the simple hair stroke patterns from my first e-book "Microblading Patterns: The Beauty Of Simplicity". Using those simple patterns, I created 30 brows styles for you to use in your real work on clients. There are three male brows styles, and the rest are female. The main objective of this book is to show you how easy it is to create beautiful brows styles by using simple hair stroke patterns. I show you step by step with drawings on computer first before I go on to show you how to simulate the steps on latex skin. In many examples, I use both left and right hands to help right-handed and left-handed artists to see how I create the

brows. Another objective is that you will save a lot of money on training! Even though this book does not replace practical training, it does help you practice and learn on your own. You need to try to push yourself to think and do it all on your own. If you run into frustration, join my Facebook group to get help: Free PMU & Microblading Worldwide. If you still feel you need training after trying on your own and with others' help, then it's not too late to spend some money on classes. And I do offer classes too. So contact me if you want to train with me!

If you want to become a great artist in microblading, master the basic patterns! By playing around with the patterns, you will unleash your creativity in this amazingly fun art. And you can make decent money along the way when you become good at the art of microblading on the eyebrows for your clients. This book shows you how easy microblading is if you know how to do it the fun way. Many people learn it the hard way by copying what other people do. No, no, no! The easier way is to start from very simple, basic patterns and go from there. I will show you the easy and fun techniques to learn microblading, so easy that even Peter Rabbit can do it! You don't believe me? Check out my Vimeo.com channel and see it for yourself: <https://vimeo.com/channels/1243597> And you should join my Facebook group which has a lot of information, techniques, and experience shared by other artists: Free Microblading & PMU Worldwide! I have talked to a lot of people who spent over \$5,000 on learning microblading classes, and they got nothing to show for it. Why is that? Because they believed in the hype and false prestige! More importantly, they got duped into learning the wrong methods. My techniques are very simple. In fact, they are deceptively simple, and that's the whole point. I take you from the simple steps, then gradually I help you play around with the patterns so that at the end of the book you can put these together to build the brows styles your way and the way you want! Happy microblading, folks!
