Presenting more than two hundred of the greatest haiku ever written about the game. There are moments in every baseball game that make fans catch their breath: the pause while a pitcher looks in for the sign, the moment a cocksure rookie gets picked off first, or the instant a batter lashes a game-winning homer into the night sky, just before the sell-out crowd explodes onto its feet. Haiku captures these moments like no other poetic form, and Baseball Haiku captures the sights, the sounds, the smells, and the emotions of the game like no previous collection. Some of the most important haiku poets of both America and Japan are featured in this anthology; including Jack Kerouac, a

longtime baseball fan who pioneered English-language haiku; Alan Pizzarelli, one of the top American haiku and senryu poets of the last thirty years; and Masaoka Shiki, one of the four great pillars of Japanese haiku—a towering figure—who was instrumental in popularizing baseball in Japan during the 1890s. With over two hundred poems spanning more than a century of ball playing, *Baseball Haiku* reveals the intricate ways in which this enduring and indelible sport—which is played on a field, under an open sky—has always been linked to nature and the seasons. And just as a haiku happens in a timeless now, so too does *Baseball Haiku* evoke those unforgettable images that capture the actions and atmospheres of the national pastime: each poem resonates like the lonely sound of cleats echoing in the tunnel as a grizzled veteran leaves his final game. The largest collection of haiku and senryu on baseball ever assembled, *Baseball Haiku* is an extraordinary treasure for any true baseball fan.

Mr. Thundermug is the inventive, entertaining, and—against all odds—poignant story of an animal who acquires the ability to eloquently speak human language. Using his own beautiful, eerie lithograph illustrations, Cornelius Medvei places us in a vivid world that is both familiar and alien. It's a world in which Mr. Thundermug and his family take up occupancy in an abandoned apartment building. On the roof of that building, Mr. Thundermug gazes at the heavens and thinks deep thoughts while his wife picks bugs off him and eats them. Understandably, he's somewhat confused by his complex existence as a fluent member of human society who has the essential nature of a more ancient species, but he assimilates as best he can. His worlds inevitably collide, and he is eventually brought to court for a petty crime and asked to defend himself in impossible ways. Simultaneously playful and foreboding, Mr. Thundermug announces the arrival of a bold and imaginative talent.
