Monty's Leap February 9, 2014 · · We rented the two-room cottage and the twenty acres of derelict land around it for £25 a year from an old Cornish family when we first came. Monty Python's Flying Circus hit the television screens in 1969, shocking and inspiring at the same time. The team who created the show were a bunch of highly educated young graduates, some from Cambridge and Oxford universities. Comedy as the world knew it would be changed forever.

The little stream known as Monty's Leap has become a symbol for those who contemplate changing the course of their lives. It mirrors the leap forward taken by Derek and Jeannie Tangye when they decided to leave their glamorous lives in London for an isolated cottage in Cornwall called Minack, accompanied by their cat Monty. Derek has continued to live at Minack after Jeannie's death, and this book is the story of his present way of life.

'Monty's Leap of Faith' is the story of a lovable, laid back exotic shorthair cat called Monty, who isn't the brightest feline in the world and has never left his garden because he can't jump. Monty's life changed when his owner started to foster cats for the local RSPCA and a variety of cats and kittens were welcomed into his home on a temporary basis. This story follows the antics of the first three kittens to be fostered and how they influenced Monty to finally leave the confines of his garden. Pumpkin, Pippa and Sooty are full of energy and so mischievous. The kittens see Monty as their hero and are eager for his attention though Monty isn't quite as keen on the idea. They cause chaos in his home climbing on kitchen cupboards, up the curtains and digging up house plants. Monty watches the kittens and is enthralled by their energy and agility, realising he is missing out on the fun he decides it's time he learnt to jump. Eventually Monty takes a leap into the unknown. This book follows the journey of new beginnings for Monty and the three kittens.

Thirteen-year-old Taylor's adventures at Wildwood Stables, where anything is possible, continue! One of Taylor Henry's best friends at Wildwood Stables, Daphne Chang, is a brilliant rider. So when she gets the offer of a lifetime from Ross River Ranch, Wildwood's toughest competition, it comes as no surprise -- but it could also mean the end of Wildwood Stables.

Jeeves and Wooster return in a new espionage caper full of japes, high jinks, and jiggery-pokery in a series that is "impossible to read without grinning idiotically" (Evening Standard). The Drones club's in peril. Gussie's in love. Spode's on the war path. Oh, and His Majesty's Government needs a favor . . . I say! It's a good thing Bertie's back, what? In his eagerly anticipated sequel to Jeeves and the King of Clubs, Ben Schott leads Jeeves and Wooster on another elegantly uproarious escapade. From the mean streets of Mayfair to the scheming spires of Cambridge, we encounter a joyous cast of characters: chiseling painters and criminal bookies, eccentric philosophers and dodgy clairvoyants, appalling poets and pocket dictators, vexatious aunts and their vicious hounds. But that's not all: Who is ICEBERG, and why is he covered in chalk? Why is Jeeves reading Winnie-the-Pooh? What is seven across and eighty-five down? How do you play Russian Roulette at The Savoy? These questions, and more, are answered in Jeeves and the Leap of Faith — an homage to P.G. Wodehouse, authorized by his estate, and essential reading for fans of The Master. Tinkety-tonk!

Tells in more detail the story of Derek and Jeannie's beloved ginger cat Monty. From the first moment Derek, who was not until then a cat-lover, met a tiny bundle of fur with Jeannie, through to the pet's old age when he would still walk down to the stream to make 'Monty's Leap', this is a touching story of friendship between two people and their cat.

A lyrical leap from one animal to the next! "A flea asleep / in the deep green moss / nettled by midges / wakes up cross, / starts to fidget / and turn and toss." And then he LEAPS into the path of a grasshopper. Who, in turn, LEAPS onto a bunny.

And so it goes, dog, fish, bullfrog, horse and dog again, each leaping and upsetting the next. Until, at last, the dog arrives in that same deep green moss. The flea leaps onto the dog. And they both fall asleep! A romp of a satisfying, circular story poem — like a game of tag, it's pure delight!

Historian John Buckley offers a radical reappraisal of Great Britain's fighting forces during World War Two, challenging the common belief that the British Army was no match for the forces of Hitler's Germany. Following Britain's military commanders and troops across the battlefields of Europe, from D-Day to VE-Day, from the Normandy beaches to Arnhem and the Rhine, and, ultimately, to the Baltic, Buckley's provocative history demonstrates that the British Army was more than a match for the vaunted Nazi war machine. This fascinating revisionist study of the campaign to liberate Northern Europe in the war's final years features a large cast of colorful unknowns and grand historical personages alike, including Field Marshal Sir Bernard Montgomery and the prime minister, Sir Winston Churchill. By integrating detailed military history with personal accounts, it evokes the vivid reality of men at war while putting long-held misconceptions finally to rest.

The Men Behind Monty examines the role played by the staff in the victorious campaigns of Field Marshal Viscount Montgomery, Britain's most successful field commander since the Duke of Wellington. When Monty took command of Eighth Army in August 1942, he inherited the staff of his predecessor. He retained all the key members and most of them stayed with him not only from El Alamein to Tunis, but also in Sicily and Italy. When he took command of 21st Army Group in January 1944, many accompanied him to take up the most prominent positions on the HQ staff and the majority remained until the German surrender in May 1945. This fascinating work focuses not only on the senior officers responsible for the various staff branches, and notably on Monty's outstanding Chief of Staff, Freddie de Guingand, but also on his personal staff, the ADCs and personal liaison officers. The book sheds light on the work of the staff generally, and on their direct contribution to Monty's decisions, his sometimes difficult and controversial relationships with his superiors and allies.

A genealogical history to the present day enlivened by anecdotes of the Bicheno ancestors. An eminently readable book, which is a template for anyone who might wish to write a family history, one hopes with as much humour and flair as this volume.
