Wombat bums: there's more than meets the eye. Not simply designed for sitting, a wombat's bum is its best defence against attack. The spotted litter frog sits like a human and it has us crying. I mean, look at this little guy, sitting up all by itself. It looks so proud, so determined.

Wombat bums: there's more than meets the eye - Australian ...

Do the TV shows we watch say more than we think? Is there more than meets the eye in the messages they convey? I feel there often is great and lengthy discussion about the increasing prevalence of more extreme content in popular media and the effects of that, such as "is it normalising this behaviour?"
