Just thought it would ask the community about the do's and don't's in regards to prep for the histology NBME I have in less than a week. So far I have been basing my revision on BRS, Lippincott Histology and some of Pretest Histology. However I find that the Pretest questions are a whole lot more difficult than Lippincott - and this stresses me out.

Compared to the individual exams you've taken prior to the NBME, the NBME is very "topical" and only a small fraction of the questions will be really detailed. This kinda holds true for most NBME exams. I'm pretty sure all I did was go through the BRS review questions for each section as well as the cumulative exam at the end, and that was it.
