Income Tax Act 2007 - Legislation.gov.uk

The new Act supports the use of taxation as a tool for income redistribution and wealth creation by imposing lower tax burden on low income earners and higher tax burden on the higher income earners. The Act also supports government's intention to implement a shift in focus from direct to indirect taxation, by lowering the overall income tax burden so that there is more disposable income in the economy, leading to higher value added tax collection and higher economic activity amongst others.
