Whether you're a trembling novice or a jaded expert, there's always something new to be discovered in the endlessly changing, complex and titillating world of kink. While there are plenty of other books out there that explain how to give a spanking or tie a half-hitch, *Playing Well With Others* is the first book that explains kink \*culture\* -- the munches, parties, leather bars, conferences, workshops, fetish nights, exploratoriums and all the other gatherings of kinksters that turn BDSM and leather from a bedroom predilection to a lifestyle and a community. You'll learn to: ⓘ Examine your own motivations, needs, wants and desires ⓘ Ease your way into established communities ⓘ Understand etiquette in different adventurous sex communities ⓘ Familiarize yourself with the many types of events available to you ⓘ Care for your relationships as you explore new territory ⓘ Negotiate for play and aftercare ⓘ Go back to the ⓘworld at largeⓘ without ruffling feathers ⓘ ...and, of course, answer the all-important question: What do you wear?! The team of Harrington and Williams offers 30-plus years of experience in diverse kink communities: top, bottom and switch; gay, bi and straight; female, male and trans; white and POC. Both former titleholders and international educators, they are an unbeatable pair of "sexual sherpas" with an inimitable voice and a great deal of wisdom. *Playing Well With Others* is an unprecedented and essential guidebook for anyone who wants to explore or understand the "community" aspect of the kink lifestyle.

In his widely read, prizewinning *Oldest Living Confederate Widow Tells All*, Allan Gurganus gave fresh meaning to an overexplored American moment: 1860-65. He now turns that comic intensity and historical vision to another war zone: entry-level artistic Manhattan 1980-95. In his first novel since *Widow*, Gurganus offers us an indelible, addictive praise-song to New York's wild recent days, their invigorating peaks and lethal crashes. It's 1980, and Hartley Mims jr., a somewhat overbred Southerner, arrives in town to found his artistic career and find a Circle of brilliant friends. He soon discovers both Robert Christian Gustafson, archangelic boy composer of *Symphony no. 1: The Titanic*, and Alabama Byrnes, a failed Savannah debutante whose gigantic paintings reveal an outsized talent that she, five feet tall, can't always live up to. This circle--sexually venturesome, frequently hungry, hooked on courage, caffeine, and the promise of immortality--makes history and most everybody else. Their dramatic moment in New York history might've been a collaboration begun, as a toast, by Cole Porter and finished, as pure elegy, by Poe himself. *Plays Well with Others* is a fairy tale. It has a Legend's indoctrinating charm and hidden terrors. It chronicles a ragtag group of gifted kids who come to seek their fortunes; they find the low-paying joys of making art and the heady education only multiple erotic partners can provide. Having mythologized each other through the boom years, having commenced becoming "names," they suddenly encounter a brand-new disease like something out of fifth-rate sci-fi. Friends are soon questioning how much they really owe each other; they're left with the ancient consolation of one another's company and help. We watch this egotistic circle forge its single greatest masterpiece: a healthy community. The novel, a sort of disco requiem-mass, divides itself into three symphonic movements: "Before," "After," and "After After." The work concludes in a homemade paradise that resembles Hartley Mims's own starter vision of all that seemed waiting--latent and convivial--in New York itself. This is a work that could've only been written now, in our age of medical advances, written about these unsuspecting unsung heroes of a medieval scourge's first endgame moves among us. *Plays Well with Others* becomes a hymn to the joys and woes of caretaking (for waning parents and young friends). Allan Gurganus has created a deeply engaging narrative about flawed, well-meaning people who seem lifted from our own address books. His book offers an obsessive love story, a complex vision of our recent past, and an emotional firestorm--a pandemic's long-awaited great novel.

This funny colorful upside down pineapple notebook is a great gift for swingers, polyamory folks, people in open marriages and someone who plays well with others If you love group sex or the party swapping of sexual partners, this cool notebook for swingers is for you or your husband, wife, girlfriend, boyfriend or play partners Colorful 8.5 x 11 inch notebook with soft matte finish cover & 120 pages of white paper

From tribal religious rituals to the Playboy mansion, and from ancient Rome to *Burning Man*, *Plays Well in Groups* explores the phenomenon of group sex. Author Katherine Frank draws on surveys, ethnographic research, participant interviews, and more to provide explanations for both, participation in group sex and our complex reactions to it, from fascination to fear. This book looks at group sex across cultures/who has it, and why. Group sex is almost always taboo and often criminalized, and yet it persists across cultures throughout history. *Plays Well in Groups* looks at the symbolism of orgies, as well as contemporary manifestations of group sex in bathhouses and public sex venues, at BDSM and swinging parties, on Craigslist, and in political scandals, Tantra classes, reality television, and more. Frank explores the many reasons people participate in group sex, from arousal to spiritual transcendence, in this bold study of subversive sexuality.

Here at last is a guide to winning at golf that tells you how to dominate your opponents ⓘ not by out-playing them, but by out-thinking them. Golf is a complex and demanding game, so fickle and perverse, that even its masters never truly master it. But, Jon Winokur assures us in this entertaining and eminently practical manual, that if you can't play golf consistently well, you can at least win consistently. With tongue planted firmly in cheek, Winokur provides various tried and true gamesmanship techniques with which to gain the advantage, from the most subtle psychological warfare to the carefully stifled sneeze. Filled with wry humour, peppered with tips, quotes, and anecdotes from golf's greats, and illustrated throughout, this book is indispensable for anyone whose priority is to win ... at whatever cost!

Many happy and productive adults grew up under difficult conditions that they couldn't change, no matter how hard they tried. Some struggled with learning and attention problems and yet found a way to succeed. What were the secrets of their resiliency?

This 100 page college ruled notebook is the perfect back to school accessory. Perfect for: -Taking notes in class. -Making to do list. Journaling your thoughts and feelings. -And more!

Our choices seal our fate. Hannah Reed is about to learn just how important one little decision can be. Hannah's plans for a nice, quiet senior year of high school are rapidly disintegrating. It all starts when she innocently bursts in on Ethan Flynn in the change room of the clothing store where she works. Ethan's presence in Hannah's world is subtle but constant, and when he saves her life, they become linked by the workings of an ancient society and Ethan's sworn duty to protect Hannah. Working together to figure out what destiny wants with Hannah, the two of them stumble on a baffling mystery that leaves even Ethan questioning what is in store for her future. With Ethan's help, Hannah learns there is far more to this life, to her life, than she ever realized. As they attempt to untangle Hannah's unique past and emerging abilities, an unknown danger from Ethan's past looms ever closer. While racing to put together the pieces of the puzzle before it's too late, Hannah wrestles with the idea that she is anything but average, and that perhaps she is also more to Ethan than just a job. Hleo is the first book in the series with the same name. A story of destiny and how one decision can change everything. When you buy a copy of Hleo, your one decision also has the ability to change the lives of others across the globe. \$3.00CAD from every copy of Hleo purchased goes towards the amazing efforts of the Because I am a Girl Education initiative. Fighting to bring literacy and safe learning resources to girls living in some of the poorest nations in this world.

When the world says, "Let your emotions lead you," we as Christ-followers must find a different course, navigating through the minor whirlpools, unpredictable winds, and sometimes ferocious hurricanes. Christ's words and actions guide our ships into deeper waters and beyond to the other shore. This book explores scriptural anchoring points, personality influence, and past experiences to give us a new vision of the weighted tension between letting loose with our feelings or cinching up and ignoring them altogether. As human beings, we are created with emotional dimension, and within Christ, we are called to surrender these feelings, using them in a healthy and biblical way.

Can video games be used to teach personal and business success lessons?Mastering The Game: What Video Games Can Teach Us About Success In Life takes a look at how the same habits and principles that lead to success when playing video games can be applied to personal and business success. Principles are ideas that are truly timeless, and remain true independent of context, culture or time period. So what are the principles embedded in the most popular video games? Surprisingly, the list strongly resembles the most in demand traits for the workplace. \* Adaptability & Managing Change\* Personal Accountability\* Innovation\* Communication & Listening\* Teambuilding & Collaboration\* Knowledge Sharing\* Persistence & GritMastering The Game provides analogies, examples, and lessons for connecting the dots between how gamers play and how successful professionals work. Are you ready to take your career to the next level?
