Practical Ethnography: A Guide to Doing Ethnography in the Private Sector. Ethnography is an increasingly important research method in the private sector, yet ethnographic literature continues to focus on an academic audience. Sam Ladner fills the gap by advancing rigorous ethnographic practice that is tailored to corporate settings where colleagues are not steeped in social theory, research time lines may be days rather than months or years, and research sponsors expect actionable outcomes ...

Practical Ethnography: A Guide to Doing Ethnography in the ...

From early discussions of theory -- including the importance of meaning and social contexts (which are fundamental to the ethnographic method) -- to the highly practical considerations of overall project management, design, execution, analysis, and reporting -- with appropriate (and wonderful) discussions of various formats such as written, visual, audio, and performance -- the author offers the private-sector ethnographer a thorough understanding of the process as well as the essential ...
