All Victorians with a Vulcan Heritage or a Pyrox Heritage gas space heater in their home must have them serviced by a qualified gasfitter immediately. Laboratory tests show that open flue heaters such as the Heritage may, under certain operating conditions, produce too much carbon monoxide if they are not properly installed and maintained.

### Pyrox Vulcan Heritage Manual - nonprofits.miamifoundation.org

Vulcan Heritage or Pyrox Heritage gas space heaters can pose significant safety risks by producing high levels of carbon monoxide (CO) under certain conditions. If a house is well sealed and the heater is operating at the same time as a kitchen or bathroom exhaust fan, CO from the heater can be drawn into living areas and accumulate at a deadly level. The risk is increased if the heaters and ...

Pyrox Elite Heater Manual Best Version

Sorry Keith, I have searched unsuccessfully for a manual which would answer your query. I am no longer using the heater in my home. My concern was always the possibility of carbon monoxide being generated by the heater and flowing into the house. I installed a CO sensor which I picked up at Bunnings for about for about \$25 and that at least gave some protection. We were fortunate enough to ...
