This useful and well-organised text
presents a great deal of information that
can quickly be adapted for clinical facility.
It precisely lays out the indications and

Get Free Qdex Index Guide Of Acupoints Flipbook

applications for ear acupuncture, the characteristics of point selection, and the principles of prescription formation. Using charts and descriptions, anatomical areas and points on the external anterior and posterior surface of the ear are described and depicted. Each is identified with an English name and the international

Get Free Qdex Index Guide Of Acupoints Flipbook

standard nomenclature for point reference. The distribution patterns and classification, and standard names, locations, and indications for roughly 87 ear points are provided. The theoretical basis and methods of ear diagnosis, including inspection, palpation, and electrical detection are described.

Get Free Qdex Index Guide Of Acupoints Flipbook

Diagnostic indicators for 100 commonly seen internal and external diseases, OB/GYN diseases, dermal diseases, and EENT disorders are delineated. A variety of therapeutic methods are covered: seed acupressure, filiform needling, intradermal needle implantation, electroacupuncture, plum blossom needling, bloodletting,
