Rack and Pinion Jacks - Lifting Equipment Specialists ...

There is a multiple jacking system on the Jack-up rigs used. However, one of the well-known methods of elevating the jack-up hull is Rack and Pinion. This system uses multiple Hydraulic or Electric Motors and gearboxes to distribute the torque between all legs to lift the whole platform smoothly and simultaneously.

Rack and Pinion Jacking System Bearings on Jack-up rigs ...

A rack and pinion is a type of linear actuator that comprises a circular
