(Guitar Method). This book teaches the techniques, licks, chords, scales and strums you need to play rockabilly guitar. It shows you how to play rhythm & lead for all kinds of rockabilly grooves, in the style of masters such as Carl Perkins, Brian Setzer, Cliff Gallup, Buddy Holly, Scotty Moore and others. Instead of learning exercises, you learn the classic rockabilly songs and solos that made the genre come together in the first place. The 58 audio tracks will help you catch the rhythms and nuances of the rockabilly style. Songs include: Be-Bop-A-Lula \* Get Rhythm \* Honey Don't \* Milk Cow Blues \* No Particular Place to Go \* Rock Around the Clock \* Rock This Town \* Susie-Q \* Train Kept A-Rollin' \* and more!

"Mel Bay Publications, Inc. is proud to present this new series of lessons as part of Stefan Grossman's highly successful Guitar Workshop Audio Series. In support of the book's contents, the three companion CDs contain three full hours of note-by-note, phrase-by-phrase instruction. Focused lessons address: 12-bar blues, blues scales, triplets, shuffles, licks and more. All of these elements are then utilized in solos designed to implement the techniques learned. Each solo is presented in standard notation and tablature."

All you need to track and record paranormal activity! Ectoplasm...cold spots...orbs...everyone loves a real-life ghost story! Ghosthunter Melissa Martin Ellis takes you on an exciting journey into the supernatural world of haunted sites, restless souls, and messages from beyond the grave. You'll learn about the most up-to-date technology, such as motion sensors and highly sensitive digital cameras, as well as the supernatural phenomena themselves, including: Poltergeists Electronic-voice phenomena (EVP) Possession Photo anomalies Seances and voodoo rituals With expert advice on everything from picking a haunted location to setting up cameras and dealing with unwieldy ghosts, The Everything Ghost Hunting Book, 2nd Edition shows you how today's investigators use the tools of modern science to study a wide range of paranormal activity.

A sexy standalone novel from New York Times and international bestselling author Elle Kennedy! Three is most definitely not a crowd...Claire McKinley has just experienced every bride's nightmare: the groom is a no-show, and now she must face five hundred guests alone. Furious and humiliated, she seeks help from the most unlikely candidate—her almost-brother-in-law, who promptly whisks her away to his apartment in San Diego, where she can recover her pride in peace and quiet. Dylan Wade is no fan of Claire's, but he can't ignore the jilted bride in her time of need. Bringing her home seems like a good idea—until he remembers his new roommate. Dylan's relationship with Aidan Rhodes is...complicated. And with Claire thrown into the mix, life becomes even more...complicated. Claire is blindsided by her attraction not only to Dylan, but also to Aidan, a man she's just met. Soon they're caught up in an all-consuming sexual storm they can't fight even if they wanted to. But when their hearts get involved, Claire wonders if it can last, or if she's just setting herself up for more heartache. Warning: This book is very dirty. Ménage à trois and man-on-man dirty. Graphic language and explicit sex dirty. Basically? Dirty. You've been warned.

A practical guide "brimming with wonderful ideas and methods that can help any couple experience a deeper, more profound connection" (John Gray, author of Men Are from Mars, Women Are from Venus). More Love Less Conflict teaches readers how to communicate effectively and get more out of love. Whether debating with your parents, trying to convince your boss, or romancing your significant other, the importance of communication skills in your day-to-day life is undeniable. Through the strategies outlined in this essential guide, you can become a better listener, practice open communication, and be capable of handling almost any situation with confidence and compassion. As psychotherapist and bestselling author Jonathan Robinson explains, communication is, like love, something to work on and get better at through conscious practice. Robinson introduces ways for couples to build a foundation of love and connection, engage in crucial conversations, understand unique needs, spot a partner's triggers, overcome communication barriers—and clear the path for love, fun, and affection.

Ministering to Minds Diseased: A History of Psychiatric Treatment focuses on the advancements of methodologies, approaches, and techniques in the practice of psychiatry. The book first offers information on early physical treatments, epilepsy and its treatment, and later physical treatments. Discussions focus on hydrotherapy, bloodletting and transfusion, sleep, shock, and electrical treatments, fever therapy, and insulin and convulsion treatments. The manuscript then ponders on medicinal treatment, including narcotics, neuroleptic and antidepressant drugs, chemistry and the development of psychopharmacology, and lithium, vitamin, and hormone treatments. The text takes a look at the expansion of psychotherapy, behavior therapy, and evolution of mental hospitals. Topics include action techniques in psychotherapy, meditation, music therapy, early hospitals, madhouses, conditions, abuses, and reforms in hospitals, and retreat into custodialism. The manuscript then examines the development of a mental health service, including work therapy, treatment in the community, and mental nursing. The publication is a dependable source material for mental health experts and readers interested in psychiatric treatment.

Authoritative, accessible guide features easy-to-use keys covering leaves, twigs, bark, buds, fruit, more. Over 300 pen-and-ink drawings by Maud H. Purdy, noted botanical illustrator. Bibliography.

A frequent contributor to the New York Times magazine, Outside, Salon, and GQ, and a regular on Public Radio International's "This American Life,"David Rakoff's debut collection of essays is simultaneously laugh-out-loud funny and take-your-breath-away poignant. David Rakoff is a fish out of water. Whether he finds himself on assignment climbing Mount Monadnock in New Hampshire - donning a pair of Timberlands for his trek, only to realize with horror that "the shoes I wouldn't be caught dead in might actually turn out to be the shoes I am caught dead in." - sitting quietly impersonating Sigmund Freud in a department store window...for a month, or musing on the unique predicament of being undetectably Canadian in New York City ("...what's more spicy than being Canadian. I ask you?"), Rakoff has a gift for exposing life's humour and pathos. Fraud takes us places even we didn't know we wanted to go: expeditions as varied as a search for elves in Iceland, a foray into soap-opera acting, or contemplating the gin-soaked olive at the bottom of a martini glass. With the sharpest of eyes, David Rakoff explores the odd and ordinary events of life, spotting what is unique, funny and absurd in the world around him. But for all its razor-sharp wit and snarky humor, Fraud is also, ultimately, an object lesson in not taking life, or oneself, too seriously.

The purpose of this book is to train (or retrain) you to paint what your eye actually sees -- sometimes the hardest of all jobs.

The process of personal growth and transformation seldom happens "by accident"; it is the product of our conscious choices. This book contains 39 powerful lessons of personal change, gleaned from Gandhi's life. It offers us invaluable advice on creating and leading an enlightened life - a more meaningful, purpose-driven, self-aware and socially responsible life. Drawing from a diverse range of fields such as psychology, management, leadership, philosophy and spirituality, Anand Kumarasamy explains and illustrates each of these lessons in language that is simple, vivid and highly interesting. These lessons are based on timeless principles which, if deeply reflected upon and integrated into our daily lives, can powerfully transform us while positively impacting the world around us.
