~~RCBS neck bushings for RCBS gold die *explained* - YouTube~~

As a companion product for their Gold Medal bushing-style dies, RCBS produces its own line of sizing bushings, that have a couple of notable features. First, along with plain steel bushings, RCBS offers bushings with a distinctive, dark gray Tungsten Disulfide (WS2) anti-friction coating. Redding offers bushings in bare [white] steel or with a gold-colored Titanium-Nitride anti-friction coating.

Guide bushings are a simple flanged metal or plastic collar fixed to the router base. The flange or bracket sits below the base surface whilst the collar extends a short distance below it, and is the part which runs against the template. The cutter plunges freely through the centre into the workpiece allowing for cuts at any depth.
