In a world now racked by slowing growth and mounting unrest, how can we discern which nations will thrive and which will fail? Shaped by prize-winning author Ruchir Sharma's twenty-five years travelling the world, *The Rise and Fall of Nations* rethinks economics as a practical art. By narrowing down the thousands of factors that can shape a country's future, it spells out ten clear rules for identifying the next big winners and losers in the global economy. Each rule looks at a nation's ...
