The Hacking the CAGED System series
was inspired by my own, and other
guitarist's frustrations with the infamous
CAGED System for learning guitar. It all
started back in Music College in the early
2000s, at the ACM in Guildford (UK) to

be precise, where we were handed, by none other than Guthrie Govan, an inch-thick binder containing all manner of shapes and patterns for the CAGED system, including chords and arpeggios. I duly slaved over the book while burning the midnight oil for an entire semester and while my technique improved no end, I

just couldn't turn those patterns into
music, or connect them to what I was
learning in music theory class. Fast
forward to 2016, and with the benefit of
hindsight from more than 20 years of
playing, I've been able to look at the
CAGED system from a different
perspective, and one that will hopefully

make it a useful system for anyone
wishing to learn it. The CAGED system
has many flaws, but these can be hacked
and rectified to turn it into a powerful
system for understanding how the guitar
fretboard works, leading to a versatile, and
above all, functional knowledge of chords,
arpeggios, scales and modes, and key

signatures. What's in Book 1? Book 1
teaches you the basic major scale forms,
shows you where to find the basic diatonic
chords as well as seventh chords. We then
venture into intervals which are the key to
making your solos sound like you know
what you're doing. Next we bring out the
arpeggios, and finally the modes.

you covered. Most guitarists stay locked
into the same patterns and scale shapes for
years, unable to break out of the habits and
licks they first learnt as a beginner. This
leads to creative stagnation, boring solos
and a sense that something will always be
missing from their playing.

The guitar is more than a musical instrument. It is an archetype. In homage, Light Strings brings together two masters of their craft: photographer Ralph Gibson and former guitarist for the Police, Andy Summers. Gibson's enigmatic and sensuously elegant photographs are the visual counterpart to Summers' lyrical

history and thoughtful exploration of the instrument's features. Together they create a unique poetic meditation on the guitar.

Both artists pay attention to the form of the guitar and its relationship to the body; its curves echo the human figure, not only requiring it to be cradled to play it, but inviting a study of its own sumptuous
