Signing Their Rights Away is a series of  
very short biographies of the men who  
signed the U.S. Constitution. I liked the  
concept -- learning more about each man  
involved and their interactions. However,  
the pieces were too short to give the the  
reader a real sense of these men. Most  
were just 3 or 4 pages long.

Now they've turned their attention to the 39 men who met in the summer of 1787 and put their names to the U.S.

Constitution. *Signing Their Rights Away* chronicles a moment in American history when our elected officials knew how to compromise—and put aside personal gain for the greater good of the nation. These men were just as quirky and flawed as the elected officials we have today: Hugh Williamson believed in aliens, Robert Morris went to prison, Jonathan Dayton stole \$18,000 from ...
