Every textbook comes with a 21-day "Any Reason" guarantee. Published by McGraw-Hill Science/Engineering/Math. Calculus for Business, Economics, and the ...

The Student's Solution Manual contains comprehensive, worked-out solutions for all odd-numbered problems in the text, with the exception of the checkup section for which solutions to all problems are provided. Detailed calculator instructions and keystrokes are also included for problems marked by the calculator icon. Written by an instructor with years of classroom experience, it guides professors to demonstrate solutions in a manner consistent with the methods used throughout the text.

Calculus for Business, Economics, and the Social and Life Sciences introduces calculus in real-world contexts and provides a sound, intuitive understanding of the basic concepts students need as they pursue careers in business, the life sciences, and the social sciences. The new Ninth Edition builds on the straightforward writing style, practical applications from a variety of disciplines, clear step-by-step problem solving techniques, and comprehensive exercise sets that have been hallmarks of Hoffmann/Bradley's success through the years.

Designed for courses in advanced calculus and introductory real analysis, Elementary Classical Analysis strikes a careful balance between pure and applied mathematics with an emphasis on specific techniques important to classical analysis without vector calculus or complex analysis. Intended for students of engineering and physical science as well as of pure mathematics.
