Tom Duncan is an American entrepreneur and business executive who is the current President and CEO of the North American division of the Positac Tool Corporation. He was previously an executive for the Vermont American Tool Company, which was a joint venture between the Robert Bosch Tool Group and the Emerson Electric Company. He has been featured in publications and media like The New York ...

This text aims to provide an understanding of the basic principles of electronics related to the communication, control and computer systems which affect life. Practical applications of the subject are considered throughout, and actual devices and their uses are described, to encourage the reader to do some electronics. Mathematical requirements have been kept to a minimum. The book is not based on any single syllabus but is suitable for students taking BTEC units Electronics NII and NIIL, City and Guilds Electronics Servicing (course 2240), GCSE and A'Level course, and short courses in further and higher education. This second chapter has been updated with additions to certain chapters, particularly those on digital systems and computing.

Offering a complete course for senior students of electronics, this text begins with basic electronics principles. It develops the concepts through semiconductors, analogue electronics and digital electronics.

This highly respected and valued textbook has been the book of choice for Cambridge IGCSE students since its publication. This new edition, complete with CD-ROM, continues to provide comprehensive, up-to-date coverage of the core and extended curriculum specified in the IGCSE Physics syllabus. The book is supported by a CD-ROM containing extensive revision and exam practice questions, background information and reference material.

IMC goes beyond most books on the market today to concentrate not only on functions but also on integration and organization - the very foundations of effective marketing. Answering questions of "when to use, how to use, and who should be involved. " it provides concrete tools and strategies for managing the ongoing dialogue between buyers and sellers, creating and sending convincing brand messages, developing IT and database-driven communication -- and truly integrating the consumer into all aspects of B2B and B2C marketing.

Discusses using integrated marketing to create, maintain, and grow profitable relationships

Mount Airy North Carolina was the birthplace of the late actor Andy Griffith and Historian Tom Perry. In this memoir of their hometown, Perry tells the story of the real Mayberry and his thoughts of the most famous son of the piedmont North Carolina town. This book is part memoir, part biography and part tour guide about Andy Griffith and Mount Airy, North Carolina. Beginning on the day Andy Griffith died, July 3, 2012, Perry tells about the town that day and goes back in time to bring Griffith and his own family to Mount Airy to work in the factories in the twentieth century. Sharing his connections with Griffith, Perry tells about the youth both shared in Mount Airy. The book then follows Andy Griffith to the University of North Carolina at Chapel Hill, Goldsboro to teach school and then Broadway, television and movies in a career that lasted decades. The book also details the effect of Andy Griffith on Mount Airy with the decades long tourism boom that began in the 1980s with the town taking on the persona of the fictional Mayberry that Griffith obviously used to in his highly successful Andy Griffith Show that ran on CBS for eight years ending its run as the number one show on television.
