When life gives you lemons, kill zombies — turns out lemon juice neutralizes the undead. After a failed attempt at running away, best friends Nathan and Misty return home expecting to face angry parents. Instead, they discover the military has destroyed the bridges out of their rural town and everyone's fled—except a small horde of the living dead. The stress of flesh-eating zombies may be more than their already strained relationship can handle. Even with the help of the town geek and lemonade-powered Super-Soakers, there's not enough time to squeeze their way out of this sticky mess. Unless the trio eradicates the zombie infestation, while avoiding the deadly zombie snot, the military will blow the town, and them, to pulp. Their only shot is something with a lot more punch. Something like the Super Zombie Juice Mega Bomb. But even if their friendship survives, there's another problem: Someone has to lure the undead into the trap.

Austen comes to England knowing as an American he'll stick out at his new school. But when an errant owl lands him at Hogwarts he's in for more than he expected. If it ' s not hard enough being the only American at Hogwarts, Austen ' s sorted into the most despised of all the houses. Then bumping around the

dungeon, while trying to find his common room, he unwittingly helps the monster from the Chamber of Serpents. Will he discover the secret of the Chamber before he becomes another victim of He-Who-Must-Not-Be-Named?

David and John become embroiled in a new set of horrific but absurd challenges when movie-induced zombie phobia enables a nefarious shape-shifter race to take over the world.

#1 NEW YORK TIMES BESTSELLER • “Prepare to be entranced by this addictively readable oral history of the great war between humans and zombies.” —Entertainment Weekly We survived the zombie apocalypse, but how many of us are still haunted by that terrible time? We have (temporarily?) defeated the living dead, but at what cost? Told in the haunting and riveting voices of the men and women who witnessed the horror firsthand, *World War Z* is the only record of the pandemic. The *Zombie War* came unthinkable close to eradicating humanity. Max Brooks, driven by the urgency of preserving the acid-etched first-hand experiences of the survivors, traveled across the United States of America and throughout the world, from decimated cities that once teemed with upwards of thirty million souls to the most remote and inhospitable areas of the planet. He recorded the testimony of men, women, and sometimes children who came face-to-face with the living, or at least the undead, hell of that dreadful time. *World War Z* is the result. Never before have we had access to a document that so powerfully conveys the depth of fear and horror, and also the ineradicable spirit of resistance,

that gripped human society through the plague years.

THE INSPIRATION FOR THE MAJOR MOTION

PICTURE “ Will spook you for real. ” —The New York Times Book Review “ Possesses more creativity and zip than entire crates of other new fiction titles. Think Mad Max meets The Hot Zone. . . . It ’ s Apocalypse Now, pandemic-style. Creepy but fascinating. ” —USA Today “ Will grab you as tightly as a dead man ’ s fist.

A. ” —Entertainment Weekly, EW Pick “ Probably the most topical and literate scare since Orson Welles ’ s War of the Worlds radio broadcast . . . This is action-packed social-political satire with a global view. ” —Dallas Morning News

When hungry aliens begin their 'rain' of terror, break out the umbrellas--the aliens can't eat you with an umbrella shoved in their huge mouths. Looking for yummy human tenders, Admiral Nact-bauk invades the local school. Zack and Zoey lead the counterattack armed with rulers, protractors, and dodge balls. They might have a chance, if Nact-bauk didn't gulp down the only teacher brave enough to stand up to him. Even worse, he forces Zoey onboard the alien vessel for dinner--along with a bucket of honey-mustard sauce. Zack will do just about anything to save her. If Principal Blathers won't help, Zack sees no choice but to 'borrow' the principal's car. Chasing the alien saucers, he meets up with a wrinkly WWII hero who thinks he knows the alien's weakness: electric toothbrushes. Wielding only umbrellas and battery-powered dental weapons, things look grim. Even if the pair manage to rescue Zoey, there's the small matter of escaping a spacecraft flying at over two hundred miles an hour. Can you say, Jetpacks? Zack & Zoey's Alien Apocalypse is

approximately 17,000 words (similar in length to Diary of a Wimpy Kid) and contains no cursing or strong language.

The original plan was to ride from Tokyo, Japan to St. Petersburg, Russia via Mongolia and the Central Asian Republics. The twists and turns of fate saw them return home through Africa, which had never been part of the plan. From the fabled Silk Road route to Timbuktu there was plenty of adventure and challenges. After 50,000kms and through 30 countries Monica missed out on learning how to change a tyre as she didn't even manage to get a flat. The trip was one of extreme travel and adventure and a wonderful way of spending a year. Monica and Simon managed to return home still married and keen to travel more.

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. “Gaspingly funny and wonderfully inappropriate.” —O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say

out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

Recounts the life and career of the inventive and controversial rock musician, and includes information on his philosophies on art, his opinions on the music industry, and his thoughts on raising children.

George and Harold have to figure out how to fix history in the tenth book in this #1 New York Times bestselling series by Dav Pilkey, the author and illustrator of Dog Man! George and Harold have been turned into evil zombie nerds doomed to roam a devastated, postapocalyptic planet for all eternity! Unfortunately, the boys can't count on Captain Underpants for help because Tippy Tinkletrousers and his time-traveling hijinks prevented George and Harold from creating him in the first place! With Tippy having changed the course of human history forever, George and Harold will have to figure out a way to change it back!

An all-new story continuing the events from the award-winning series of novels. Meet Benny, Nix, Lilah, and Chong as they stay one step ahead of the zombie hordes.
